

The world leader in water and rope rescue education since 1979

“Swiftwater and Flood Rescue Technician”

June 7,8,9, 2024

Wisp Whitewater Center

McHenry, MD

The Swiftwater-Flood rescue course provides rescuers with the fundamentals of survival in moving water and is recommended for anyone who may be called upon to effect in-water rescues. Students gain knowledge in hydrology and river classifications, size-up, site control and scene management. Practical skills include self-rescue, swiftwater swimming and the fundamentals of shore, boat and in-water rescues. Additionally, students are introduced to the basics of boat handling and the fundamentals of rope rescue including mechanical advantage and anchor systems.
