

February 10 2020

First, I have to make a correction to my last report. I looked at a Citizen's Guide that I thought was still valid and reported that a petition that I signed would go to Mike Nofs. That petition actually would go to John Bizon, the current senator in district 19. I'm sorry if my screw up caused any problems.

We still have to contact our senators to get SB 528 passed, in ABATE Region 9 those senators are John Bizon district 19, Curtis Hertel district 23, and Tom Barrett district 24. Call them, write them, meet them face to face, whatever. Do the same with your House representative, it could make the difference between you or a brother or sister bankrupted and out in the street or having their bills paid. A chance to meet your representative and senator will be at our Pizza and Pop Luncheon, Thursday, February 20, 2020. I hope you attended.

In MRF news Senator Ron Johnson(R) and Senator Gary Peters(D) introduced S 3249 the Motorcycle Advisory Council Reauthorization Act. The act will define membership seats and authorize the council for 6 years.

The Department of Transportation has given the R2, a low speed package delivery vehicle, an exemption from safety requirements as it will not have a driver.

H.Res. 255 the motorcycle Profiling resolution has 133 cosponsors from 44 states, two new ones from Michigan. Keep contacting your reps., make it happen.

37 days to Spring, Hang in there.

Nick

Region 9 R.C.
