A Great Night Out at the Greater Newark Chamber of Commerce Annual Meeting!

Lots of Reasons Why to “Love Newark”!

NEWARK, NEW YORK, November 15 –The V Technical Textiles, Inc. Team Attended the Newark Chamber of Commerce Annual Dinner held at the Newark Elks Lodge last night. To start the evening off, there was a nice social hour to warm things up prior to the dinner and the program. The dinner was a great buffet presented by Matt DeJohn and his staff.

The program was great as we first heard from **Kathi McGuigan**, the Principal of P-Tech and **Mason Head**, a student in Cyber Security at P-Tech. The P-Tech program is a great new approach in educating students in the technology that makes the business world go round and round! **Dr. Mark Humbert**, Director of the Wayne County Land-Bank then spoke on how the County is trying to re-purpose “Zombie” and derelict land and properties in Wayne County, making them useful once again.

The Outstanding Youth Awards went to **Matt Hutteman**, Scholar, Athlete, and Eagle Scout and **Ben Talbot** photographer, Eagle Scout, and active in his faith. The Ron Colacino Community Spirit Award went to the **Newark Rotary Club**, always a very positive force in this community and active on so many fronts! The Alex Eligh Service Award went to **Russ Harris**, a man who truly doesn’t know when to quit and we’re glad that he doesn’t! A true life of service!! 2019 Business of the Year went to **V Technical Textiles, Inc.** and we’re very honored to have received this recognition. We’re all so fortunate to be a part of this growing, vibrant area, truly a terrific place to live and work!

#NEWARK ROCKS!!
