Choose Color With Confidence

Welcome to HomeScapes by Sherwin-Williams. It's an exclusive program designed to take the guesswork out of color selection, so you, the homebuyer, can choose your color scheme with confidence.

We're proud to partner with Sherwin-Williams to provide this unique service. Sherwin-Williams is the largest provider of high-quality paints in North America and a color innovator for more than 130 years, with a complete commitment to service, excellence and quality.

Working with Sherwin-Williams color and design experts, we've put together this signature portfolio of distinct color combinations for you to choose from. The color schemes were selected to complement each other, yet give your home a distinct look that reflects your individual tastes.

We're delighted to help you put the finishing touch on your new home.

HOMESITE COLOR SCHEMES

Please keep in mind, the attached color schemes were a guideline used by the builder. It is possible that not all homes were painted exactly to spec. Some variation may have been used to enhance community experience. To ensure correct color matching, obtain a color chip from the paint provider for comparison. Lennar is not responsible for incorrect color purchase.

If you have received the color book it is a copy, and the colors are not "TRUE" matches. Please refer to the color number for exact matches.
