

Hello, Big Lake Community!

Fire Safety Day

A huge thank you to our 10 volunteers for giving up a whole day to teach Big Lake Elementary students fire safety! We believe fire prevention is very important. Every year we have all grades come to our station for a presentation, a tour of our fire engine and an opportunity to wear our gear

Recent Training

Last Tuesday our volunteers went to Skagit Valley College to practice their ventilation and ladder skills. This was a joint training with the Clear Lake Fire Department.

Building a New Training Prop

Wondering what is going on behind the station? Our volunteers have been building a prop to practice ventilation, ladder and rescue skills. This will eliminate us having to travel out of district for training.

Hose Testing

We completed our annual hose testing a few weeks ago. A company spent a week at our station testing hose for us, Clear Lake, Lake Cavanaugh, Lake McMurray and Day Creek.

Levy Information

Please visit our website for information regarding the levy proposition.

Upcoming Dates

October 31st - BLFD will be in the Nookachamp Development to watch for the safety of local kids as well as hand out some candy! We will also have coffee and cider.

November 4th - Monthly commissioner meeting at 6pm.

Kind regards,
The Big Lake Fire Department
