EMPLOYMENT ANNIVERSARIES

Cory Lindsey -
10 years

Hometown Hospitality project

French Lick Resort Casino welcomed 150 members from across the Benchmark Hospitality portfolio to the resort for a three day management forum. The group enjoyed a successful retreat and left their mark on the community.

The directors from French Lick's sister properties, some as far away as Hawaii, ventured to the resort to check out the newest property in the Benchmark portfolio. To culminate the conference, the group decided to flex a little muscle and lend their support to

spruce up the Springs Valley Schools and Wee Care Day Care Center. The army of Benchmark Management's "Hometown Hospitality" volunteers descended on the centers, rolled up their sleeves and contributed 450 man-hours to improve the grounds. Teams helped reconstruct and paint playground equipment, mulch, landscape, and

paint classrooms.

The project would not have been possible without the generous support of Lindsey's Lumber and Springs Valley Hardware Store, which both graciously offered to donate supplies.

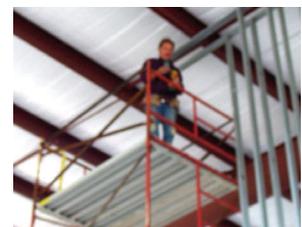

Get to know ... Bob Dickey

Our first Employee Spotlight this month is Bob Dickey. Bob has been employed at Lindsey's Lumber as a carpenter since March 31, 1999.

He and his wife Betty were married October 6, 1970. Bob stays very busy with his family which includes 5 children: Tim Dickey, Christy Dickey, Carla Piper, April

Wyman and Misty Evans. He is also the proud grandpa of 6 grandchildren: Monica, 21; Latisha, 18; Marisa, 15; Kyla 14; Braydon, 11; Tavia, 8 and great-granddaughter Lily Anna, 2 months.

In his spare time Bob enjoys playing music, riding motorcycles & horses, hunting, fishing and playing horseshoes.

Bob working at the Springs Theatre.

BCD, Inc.	\$879,000.00	\$54,400.00	\$181,000.00	\$208,000.00
Lyca Construction	\$935,000.00	\$28,000.00	\$227,000.00	\$288,000.00

Heat Stress Prevention

As spring turns into summer and brings up "hot weather," we should all be aware of some tips to prevent heat stress. Remember physical activity at high temperatures can directly affect health and indirectly be the cause of accidents.

Heat stress is a signal that says the body is having difficulty maintaining it's narrow temperature range. The heart pumps faster, blood is diverted from internal organs to the skin, breathing rate increases, sweating increases, all in an attempt to

transfer more heat to the outside air and cool the skin by evaporation of sweat. If the body can't keep up then the person suffers effects ranging from heat cramps to heat exhaustion, and finally to heat stroke.

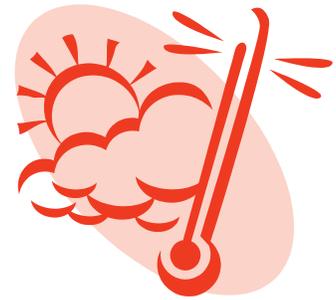

Dry clothes and skin doesn't mean you're not sweating.

In dry climates you might not feel wet or sticky, but you are still sweating. On a very warm day you can lose as much as two liters of fluid.

Beat the heat. Help prevent

the ill effects of heat stress by:

- Drinking water frequently
- Resting frequently
- Eating lightly
- Doing more strenuous jobs during the cooler morning hours
- Utilizing the ventilation or fans in enclosed areas
- Remember that it takes about 1-2 weeks for the body to adjust to the heat

- Avoid alcohol consumption
- Wear light colored, cotton clothes

Holidays

Monday, May 28

Memorial Day

Get to know ... Stephanie Purkhiser

Stephanie has been employed with Lindsey's Lumber since March 28, 2005. Some of her job duties include payroll, the monthly newsletter, the website, and construction operations.

Stephanie and her husband Chris, have three

children, Alex, 16; Jonathan, 9; and Lainie, 8.

Stephanie is an avid NASCAR fan and she and Chris attended the "Food City 500" at Bristol Motor Speedway in March.

In May, she and Chris will be traveling to Dar-

lington, South Carolina. They will be celebrating her birthday by attending the "Dodge Avenger 500" night race.

Project Updates

West Baden Dome Windows

The owner added nearly 75 additional windows. Kevin & Tommy got very efficient at refurbishing these windows as overall the window count totaled over 600. These are all complete now with the exception of B&E Painting finishing up the exterior painting in the dining room & kitchen.

Historic & Specialty Suites

All the additional man power and overtime has paid off. It appears that we will be completed by the owners date of 4-30-07. John Pritchett said last month the finance people told him there was no way that we could be done. He told me this morning (4/23) it sure is a good feeling to be able to say "I told you so". GOOD JOB!!!

Springs Theatre

The pace is picking up on this job. HVAC, electrical & sprinklers are all getting started. Metal studs and drywall work, as well as concrete curbing and storm sewer work will also be starting this month.

Orange County Beverage

Concrete work is completed and building erection is starting today (4/23). We hope to complete this project by mid June.

Spring Mill Door Replacement

Dan and Steve will be starting this job this week (4/23).

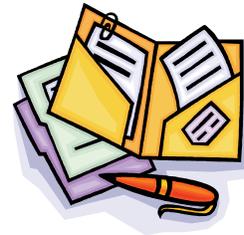

Future Bids

- Kimball Restroom Renovation - Salem, IN - May 7
- Orange County Courthouse Elevator - May 9
- Paoli Seniors Center - May 15
- French Lick New Downtown Buildings - TBA
- West Baden New Town Hall - TBA
- Springs Valley Hardware - TBA

Recent Bids

We recently bid a locker room - concession building at East Washington Schools in Pekin, Indiana. The competition was stiff as there were 8 bidders on the project. We had a respectable bid and came in 3rd.

BIRTHDAYS & ANNIVERSARIES

BIRTHDAYS

- 1 - Sydney Scalas
- 5 - Mandy Dickey
- 12 - Stephanie Purkhiser
- 23 - Bob Dickey

ANNIVERSARIES

- 11 - Mark & Hope Lindsey
- 14 - Steve & Connie Walls
