## **Port Huron High gets \$25K in furniture donated by non-profit**

The We Are Here Foundation and Staples Inc. recently teamed up to donate over \$25,000 worth of new office furniture and supplies to Port Huron High School. The donations, including a conference suite with an 8-foot table, 10 leather chairs, a credenza and matching whiteboard wall presentation unit will go to students and faculty to assist with infrastructure and education. Other items including chairs, tables, desks, file cabinets and lighting fixtures were all dropped off at the school. The We Are Here Foundation is a non-profit environmental clean-up and public education assistance group that has removed over 1.25 million pounds of debris from the Lake St. Clair shoreline since 1995. We Are Here aims to create cleaner and healthier waterways in Southeastern Michigan by refurbishing donated boats. Owners seeking to help keep waters clear can donate their boats for a tax deduction on the full fair market value. Those interested in donating their boat can contact Tom Cleaver at (586) 463-9400.
