

Scrappy Illusion rings

Illusion rings 57.5"x60"

Overall Size: 57.50 by 65.00 inches

Quilt "Illusion rings 57.5"x60"" in EQ7 Project "Illusion rings 57.5 x 65.PJ7" printed from EQ7!

Supply list

We will need light color fabric for the background - white, off white, cream, beige, light grey, etc., and lots of scraps of darker contrasting colors, which can be any color, but not too close to the light colors, for example: if your light background color is beige, try not to use light brown; if it's cream, try to avoid light yellow, etc.

For this quilt you need 2.5 yard of Light fabric,
15 different colors fat quarters or lots of scraps,
7/8 yard of any fabric for 2 ½" borders.

I will be using Light for the background color and Dark for multicolored scraps in the description.

We will be making two basic blocks:

For each Shoo fly block:

Cut 1 dark 3" square and 4 Light color 3" squares.

To make 3" HST (Half Square Triangles) Light and Dark:

Cut one Light and one Dark $3\frac{1}{2}$ " squares, place them together face to face. Mark diagonal line, then stitch $\frac{1}{4}$ " from centerline on both sides. Cut on diagonal line, unfold, press and trim.

For each 4-patch corner block:

- Cut one 3" Dark block for the center.
- Cut eight (8) $1\frac{3}{4}$ " squares of both Light and Dark colors to make 3" 4-patch block out of 2 Light and 2 Dark small squares:

You can also cut $1\frac{3}{4}$ " WOF (width of the fabric) strips of both Light and Dark color. Stitch them together, then cut into $1\frac{3}{4}$ " strips. Swap the colors, sew together the strips making 3" square.

- To make 3" triangle in a square blocks

Cut four (4) 3" x 3 ½" Dark squares, then use the template to cut off the sides to make a triangle.

For the sides cut eight (8) 3 ¾" x 2" Light color rectangles.

Place every two rectangles face to face, then cut each pair diagonally to get two mirrored triangles.

Using the pattern, sew together each block.

Make 28 of Shoo fly blocks and 28 4-patch corner blocks.

Stitch them together in rows.

For the borders:

Cut and make 2 strips 60.5" for the sides of the quilt

And 2 strips 58" each for the top and bottom.

3" triangle
