

# February

## February Birthdays:

Miss Shelby & Miss Amanda: 8<sup>th</sup>  
Kenzie : 3<sup>rd</sup> Miss Kelsee: 20<sup>th</sup> Rayden: 2<sup>nd</sup>  
Ainsley: 26<sup>th</sup>

## Infants –

Our room has slowed down after all of our toddlers transitioning to the new Playschool Room! This allowed for us to happily welcome a few new infants to the room! A few infant spots are still in the process of being filled as more new siblings arrive! We will soon be back to our usual, fun & full infant room.

Just a few reminders-

Please keep infant menu/food docs updated

Tell us what is new with your ever-growing little one!

Please read and bring items noted on cubbies & day sheets we mark as low or out of as soon as possible.

-Miss Amanda & Infant Room Staff

## Play-School Room-

The Play-School Room is bursting with lots of fun, hands-on activities! We are working on lots of sensory tables activities. We have been doing some green “goo” in the sensory table. We are also working on making a “texture” book for the little ones to take home.

We love all the new faces that have transitioned into our room including children and teachers! We look forward to all the new and fun things we have planned for this month including some really fun projects!

-Miss Tina, Miss Kaylon & Playschool staff

## Special routine as well as Safety precautions

change from room to room. Each change is created to fit the developmental needs of the children signed up for that room. Please be sure if you do not have a child to pick up or drop off in a room, it is important to have as little disruption as possible. Please observe through the window. Infant/Toddler rooms also have safety rules to prevent injury and children leaving the safe zone of a room. Please respect the other children, parents, and staff by observing from the window.

Also, be sure to use the sign in book and the computer to sign your child(ren) in and out of our care! Both are required and necessary. Thank you!

## Pre-School Room-

We are off to a great start with the New Year! Over the month of January, we covered themes on Arctic Animals and Monsters. Our letters included Hh, Ii, Kk, Ll, and Jj. Our numbers included 1,2,3,4, and 5.

For the month of February, we will go over letters Mm, Nn, Oo, and Pp and numbers 6-9. Our themes will include farm and ranch animals! We have a lot of fun activities planned for your children, so please be sure to check cubbies nightly for art projects! We will also be taking a field trip toward the end of the month, so please keep an eye out for permission slips on that!

I am very excited to be getting to know each of children and watching them learn and grow. If you have any questions, please don't hesitate to ask!

-Miss Jordyn and Pre-School Staff

## Directors Notes

Make sure you take & read new policy regarding the **Weekly Contracts, Fees & Payments changes**, and your **tax statement for 2014**.

## Friendly Reminders-

\***Payments** are due before services are given. Please pay your bill on time (\$10.00 late fees will accrue).

\*Please remember to provide **updated immunization Records** to us! It is a state regulation we have updated ones in your child's file!

\*We require **extra clothing** for your child to be brought in and kept in cubbies for accidents, messy play, and other purposes. Please provide these items for your child's own comfort! This is the same for outdoor play.

Please be sure there is **weather appropriate clothing daily**! Research shows fresh air and exercise helps to keep children healthy!! Outdoor activities and play are a great way to accomplish this!

Thanks for sharing you little ones with us!! –Miss Sarah
