Develop your design ideas while exploring color, contrast and developing background. This class will focus primarily on working with acrylic paints (rather than oils) and participants will create multiple pieces. All supplies will be provided and are included in the class fee.

~ **Magic of Watercolor Monotype** *Instructor: Kathleen Kuchar*

You want to experience the magic of creating a watercolor monotype in a professional studio? Here’s your chance! Each of these individual three-hour sessions will give you the opportunity to create monotypes by painting watercolor on plexiglass and transferring the images to paper using a printing press. All levels of experience (beginning through advanced) are invited to explore this creative method of working. ALL supplies will be provided, so all that is required is your desire to spend a few hours in a magical place with like-minded folks wanting to discover & create.
