

Our membership consists of residents of Northport Village and Suffolk County. We are all dedicated to keeping our homes and neighborhood safe. To many of us Northport Village is our home and place to raise our families, start a business or peacefully retire. We support countless community programs, initiatives and events, but importantly we serve each of you, our friends and neighbors, every day. Please visit and like our [Facebook page](#) and check for updates, information and to learn more about all that we do for the community we love.
