

# City Rock Bluff

Drive 2.2 miles from the railroad tracks across the White River Bridge and continuing along Highway 5 South toward Mountain View. Turn right onto Culp Road. (New Hope Church is on the left hand side of Culp Road at the intersection of Highway 5 and Culp Road.

Drive 2.4 miles down Culp Road (gravel road). City Rock Bluff is on the right hand side with a parking area large enough for 3-4 cars. The parking area is surrounded by large boulders. Use caution! There is no fence or barrier that would prevent you from falling off the bluff. Enjoy the view.

What am I looking at? To your left, the area across the river is Chessmond Ferry Access where Lindsey's Trout Dock is located. To your right, is Calico Rock. The large red block/brick building is Calico Rock Elementary School.
