NEW LAMINATED RECURVED BOWS

266

264

265

NO. 265 COMANCHE—The Champion of them all, designed by Indian Archery mastercraftsmen for the discerning archer who wants accuracy and high speed. This full working recurved model is a composite of a hard maple core backed and faced with super strength cross woven fibre glass. The Comanche bow features a form fitting pistol grip wrapped in top grain cowhide and with a deep draw center shot full view sight window. The bow handle section is beautifully laminated and inlaid with contrasting exotic woods and features a carpeted arrow rest. The bow comes with a hot-stretched Dacron bow string with contrasting center served reinforcement. Double laminated bow tips for extra strength. Used for both target shooting and hunting. Length 5'6", pulls 35 to 70 lbs. Wt. 2 lbs. 8 ozs.

NO. 264 SENECA—This is the finest working recurved bow in its price range. This composite bow is made of hard maple backed and faced with high strength cross woven fibre glass. The Seneca has tremendous accuracy and killing power and features a form fitting pistol grip with full view center shot sight window and carpeted arrow rest. The handle section is laminated with beautiful contrasting hardwoods. This bow also features a served hot-stretched Dacron bow string. Used for both target shooting and hunting. Length 5' 2", pulls 35 to 70 lbs. Wt. 2 lbs. 8 ozs.

NO. 266 WARRIOR—The Warrior is Indian's new low priced custom quality bow. The Warrior features a lamicoid belly and cross woven glass back powered limbs, with semi-working recurved design. Also, this bow features a form fitting pistol grip wrapped in top grain cowhide and with a deep draw center shot and full view sight window. The Warrior comes with a carpeted arrow rest and a quality made hot-stretched Dacron string, center served with contrasting reinforcement. For hunting or target shooting. Pulls 25 to 55 lbs. Length 5'. Wt. 2 lbs. 8 ozs.

No. 313—Natural barred. **No. 314**—Natural white.
No. 315—Dyed barred assorted colors.

ACCESSORIES

ADJUSTABLE TIME SAVING FEATHERING TOOL

M35—Feathering Tool

Here is a handy, time saving tool for feathering arrows quickly and easily. All three feathers can be applied at once without waiting for others to set. Adjustable—fits all size shafts—straight or tapered. Simple to operate. Three clamps tapered at lower end to fit slot in base of tool hold feathers. As these clamps are forced downward into slots they automatically center upon the shaft no matter what the size. A holding disc with three uniformly spaced slots, to engage upper end of clamps, locks clamps in position, with feathers firmly held against shaft until glue sets.

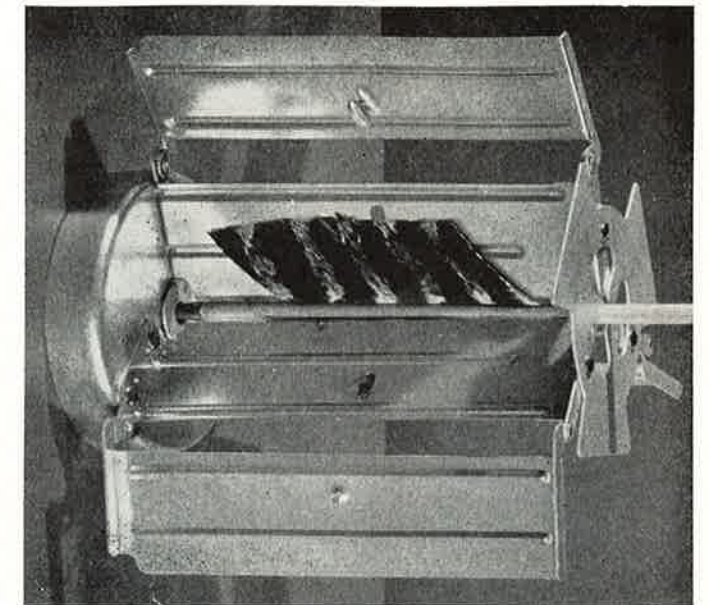

DIRECTIONS

Put the "cock" feather on first. Adjust all three clamps to same elevation before putting on the holding disc. To remove, press down on the ring at the base, and open and remove clamps.

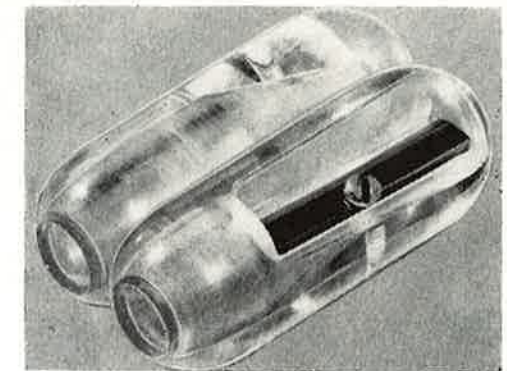

No. 93 BOW FISHING REEL. CENTER SHOT for more accurate shooting. Comes with 75 feet braided Nylon Bow Line. 80 lb. test. Wt. ea. 8 oz.

ALL LENGTH FLETCHER

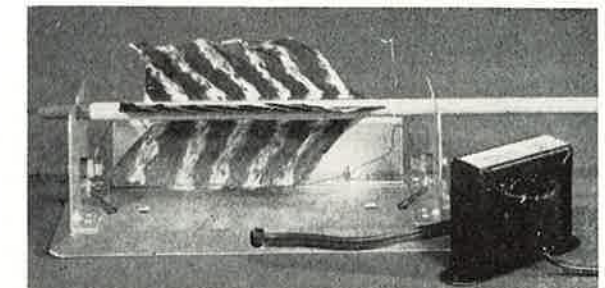

No. 36M—All length Fletcher. Fletches feathers up to 5" long. Handy, accurate, easy to operate. Coat metal parts where feather touches with vaseline to prevent feather from sticking to metal parts.

HUNTING AND TARGET QUIVERS

ALL WHITE QUIVERS PACKED IN POLY BAGS

HUNTING QUIVER

No. 765—Deluxe Hunting Quiver with patented arrow guide. A real hunters quiver of Indian tan leather will not reflect sunlight. Natural color blends with background any season of the year. 23" long, extra large 13" outside pocket with zipper fastener and scabbard for hunting knife, broadhead file and pencil. Beautiful Indian motif. Patented arrow guide at top guides arrows into the quiver. Double strap design centers quiver on back. Two adjustable straps divide three compartments for broadheads, blunts and cripples. ADJUSTABLE to ride high or low over summer or winter clothing. Foam rubber puncture proof bottom prevents arrow rattle and keeps them sharp. Carries 3 doz. arrows. Individually packed in poly bag. Wt. 1 lb. 12 ozs.

QUIVER COVER

No. 731 QUIVER COVER—This is the newest item in the archery accessory line. This cover is used to protect arrows, especially the feathers, from rain and other elements—also, prevents arrows from falling out of the quiver while in a vehicle. This quiver cover is made of heavy gauge polyethylene filament plastic and has a zipper around the edge with adjustable strap at the bottom for fitting over the top of the quiver and strap. Can be used on our No. 768, 717, 781, 780, 765 and 782.

HUNTING QUIVER

No. 780—Easily holds 24 large feathered hunting arrows—foam rubber in bottom prevents arrow rattle and keeps points sharp—large pocket has zipper closing—made of Indian tan leather that does not reflect sunlight—double strap harness design centers quiver on back—adjustable for individual comfort—two divider straps separate cripples, blunts and broadheads—puncture proof bottom—truly a quiver you will be proud to own and use. Individually packed in poly bag. Wt. 1 lb. 10 ozs.

HUSH-H-H BOW QUIVER

No. 730—Hush-h-h Quiver. Ideal quiver for bow hunting. Always ready. No tape, no clamps, no screws. Quiet and quick. This quiver carries four arrows ready for instant use. It will not mar bow limbs or arrows. Will fit any bow either right or left hand. Arrows may be carried beside the bow or in front. 1 pr. to set.

HUNTING QUIVER

No. 717—Selected heavy cowhide leather. Wide throat streamlined quiver, easily holds a dozen large feathered hunting arrows. Comfortable form-fitting shoulder strap. Sets high on shoulder for quick drawing. Puncture proof leather bottom. Beautifully embossed and fitted with decorative cuff for "setting off" top of quiver. With large pocket. Wt. 17 oz. each.

GROUND QUIVER

No. 716—Made of 5/16" iron. Top loop for arrows is 3/2" diameter and screws on shaft. End pointed sharply. Step attached for pushing in ground with foot. Heavily coated with gloss paint. Wt. 8 ozs.

HUNTING AND TARGET QUIVERS

HUNTING QUIVER

No. 781—Same as 717 but made of non-reflecting Genuine Indian tan leather designed with an Indian bead motif with deep fringe. Individually packed in poly bag. Wt. 1 lb. 3 ozs.

To Our Customers and Friends

The Indian Archery and Toy Corporation was organized in 1927. From its incipency we have continuously toiled, created, and brought to the market Archery products of beauty and improved from a practical point of view to give Archers throughout the land the best that can be expected. We feel we have always been the leaders in this respect. We have thoroughly established our good will by giving all of our customers fine products, good service, and cooperating to the fullest extent. We guarantee every piece of merchandise to stand up and give service. We have thousands of satisfied jobber, dealer, and department store accounts and new accounts coming along every day. We, also, wish to thank our loyal customers for the fine support they have given us.
