

## West Groton Water Supply District Report of the Water Commissioners

During the calendar year 2024, the following has been accomplished:

- *The Federal Audit was completed by Marcum LLP. The District's finances were reported in good order.*
- *Maintained excellent water quality, including PFAs levels remaining well below the guidelines.*
- *Completed a renovation of the storage garage to a useable garage space.*
- *Completed the MA Department of Environmental Protection Service Line Inventory and issued preliminary no lead statement.*
- *One (1) new water service was installed.*
- *Took advantage of increasing interest rates to grow our reserve funds.*
- *Fence repairs from storm damage at Townsend Road Wellfield were completed.*
