CORE COMPETENCIES

HR Consultants, Inc. (HRC), a human resource and management consulting and training firm, has been assisting organizations and businesses since 1997 to make informed decisions through business and human resources best practices. We assist in minimizing risks and help control costs in the area of human capital management. HRC has served a wealth of industries including government and state organizations, financial, educational, health and human services, professional services, retail, manufacturing, and environment and energy, also non-profit and for-profit commercial businesses. HRC has helped hundreds of organizations and businesses achieve measurable outcomes including:

- Improved productivity, efficiency, and performance
- Decreased spending and maximization of resources
- Improved communication and employee morale and engagement
- Increased internal and external customer satisfaction
- Reduced employment related risks.

WHAT DIFFERENTIATES HR CONSULTANTS, INC. FROM OUR COMPETITION?

HR Consultants, Inc. has earned an ISO 9001:2008 certification, as a professional practice firm this means we follow strict international quality guidelines to ensure your service delivery is 100%. We also measure your success through client satisfaction surveys and testing during training, tracking the project deliverables released under contract, which produces measurable outcomes.
