### 1) Sign up your Child for Saturday Classes!

Together, the UFT and the educators we represent support New York City public school students as they learn, grow and achieve. In response to the challenges that families are facing, we're offering free Saturday enrichment classes for students of all grades this December. These 90-minute virtual classes, held over three consecutive Saturdays, will be engaging, creative and fun. They're designed to reinforce the skills your children are learning during the week and help boost their academic progress in this difficult school year.
