Dear Governor Cuomo Office, Greetings to you;

I AM Paulett Angella Hemmings EARTH, CHREATOR OF THESE EARTHS AND THE ONLY CHREATOR OVER ALL CHREATIONS. I AM THE CHREATOR OF LIFE AND OVER ALL LIFE, DEATH, AND ANYTHING INBETWEEN. NO PERSON OR THING IS HIGHER THAN I AM.

All Articles are COMMANDS from ME (I AM). My words or my speech are my ORDERS, UNLESS I SAY IT IS A COMMAND. Every and all Directions, Guidance, Plans, Rules, Orders, Commands, Comrandas, etc., can never be disobeyed. If you do, you have serious penalties including charges and sentences on you. When I write the word ORDER anywhere, it means double ORDER. When I write the word COMMAND anywhere it means a double COMMAND.

I COMRANDA that all leaders in this Earth and all Earths and Chreations are women and the leadership make-up remains as I design, with more Black leaders, and Blacks get first preference. Men can lead a technology with the women's help, but not people. The Black skin leadership is how it is in all Chreations, and it is the best leadership and most protected leadership.

All forms of Treason, Treasonomus, Treasonaminous, are Judgements against a person, or an entity, etc. All sentencing, Treasons and higher are lived out in the Devel Prisons, right here in this Earth, and in all places, other names not identified, Chreations where all individuals and entity exist/esist today and in times to come. All those who are behind the scenes (are not seen and responsible) are also included. **It is my job to do this, an no one can do it for me.**

Everyone must protect by using the protections I have listed in my Articles. None of my assigned leaders are to be sworn in. No oath is to be used and no singing of any anthem.

Bureaumissionars, in the future, I will assign leaders who are currently working for various private or public organizations. Their jobs are to be protected where they are currently working. The leaders from private or public agencies can never lose their jobs for working on my transitions. They can never get any demotion, or reduced salary, or transfer to another region or area because of retaliation or force. Their jobs and your jobs are fully protected.

Jobs that are no longer in the transition plans will terminate because those jobs are not valid. The responsibilities of the Governors, Senators, Mayors, and other Municipal leaders currently will change. The new leaders are to understand the current job responsibilities of those who are there and the new Job responsibilities are below.

### Protection

Wash the white rice, as if it is very dirty and rub it between your hands in a bowl, rub it several times and you will see it getting whiter and becomes like milk. Pour off that water and put in a bottle and refrigerate or freeze. Wash the rice again and whatever milk comes off, use it to cook the rice. If you do not need to use it, then put the rice in a zip lock freezer bag or any freezer bag and put in freezer for when you need it. Drink the rice water two mouth full every three hour or as much as you can do per day. If you do it once per day it is better than not doing it but your situation changes and sometimes you do not remember, so do the best you can to protect yourselves. Put some in your fridge at work as you can get the small refrigerator for your office.

Put the rice water on your skin and your back, and when you are at home put on your head as well. Soak in rice water more than once a week, if you can in the warm rice water alone. When you are in the rice water pour on your head so your head is wet. Say: I command my inner self to return or say I recall all of myself, or I am completely one whole and all of me I have. Wet yourself all over. Then say: I lock myself in 3 trillion times. You can use a bit of blue powder and add to the rice water to drink or to soak or to put on yourself. The rice water and blue powder are excellent to rid and kill the devils. You can sprinkle the same thing or put in a spray bottle and spray around your office, your home and your car. The rice water alone should not stain the floor or the wall. It can leave a white mark on the furniture. You can Say: I lock myself one hundred million times and drink rice water if you can to lock yourself so the devils do not get to remove your inner self from you.

### Cherry Protection

Eat as much cherry as you can. Eat the fresh cherries, the dried cherries, the preserved cherries, and use the cherry leaves to boil or juice and drink as often as you can. The cherry has a lot in it to kill the devils. Use the leaves in bath and putting on your skin.

### Sense Melia Protection

Drink the Sense Melia as often as you can. It has something in it that stings and burn the devils and they are killed. The Sense Melia is for you to drink and put on your skin and in your bath. You can add sense Melia to other herbs for your bath or take a Sense Melia bath by itself. You can grind up the Sense Melia and use the juice like water in any cake mixture and eat it, it will protect you as well and your family. Put the Sense Melia in your hand lotion or make the Sense Melia essence oil that you put on your hand or furniture or your computer screen and the frame and wires to protect it. Just fry the sense Melia in olive oil, sunflower oil, canola oil and pour in a bottle so you can use whenever you need. Get a small portable bottle and pour some in and keep in your handbags. Rub the Sense Melia oil on the outside of your bottles so the outside is protected. You can rub the inside of your bags as well with the Sense Melia to protect your bag inside a the devil are everywhere. Protect yourselves as best as you can, as this is what we should have been doing all our lives.

Review all the Articles for pertinent information that you should know. Read and highlight all of the Articles on areas that you are to know and do. For the Transition in the natural Earth, you are to select the Senators for the District of Columbia, Select the Executive Transition Directors for the State Rejuvenation & Transition Commission, Select State Senators, Select governors, Select Mayors, distribute My Articles, select the training and development places to be used to build up

all the selected candidates and your own development. You are all to work with the Port Authority of New York and NJ, the Metropolitan Transit Authority, for the transitions in New York City to happen, and to make sure that all in New York are following my orders. All Banks and Credit Unions are to follow my Orders, as they are independent of all government and States connections. As the selections you are working on are completed, additional responsibilities will be explained. All leadership I have assigned since March are not charged for violating my Orders. Those who have violated my Orders know themselves.

No United Nations members and workers can be plastic, rubber, paper, metal, electromagnetic, mechanical, paraplegic, etc.

No Consul General, Mission, Passport authority leaders and workers can be plastic, rubber, paper, metal, electromagnetic, mechanical, paraplegic, etc.

No types of Commissioners, Chief Executive Officer, Chief Financial Officers, Chief Personnel Officer, or any C-level leader or their workers can be plastic, rubber, paper, metal, electromagnetic, mechanical, paraplegic, etc. in any State, Country, Province, or Island.

Whenever one of my Transition member has to move because of this job, their spouses get a Transition allowance, and they also get their continuous salary until they find suitable jobs.

There are no Department (s), in my Earth and the other Earths and Chreations. The word department is a devel word and it promotes division, exclusion, separation, segregation, isolation, and must never be used any place. There are no Division in any organization as the word means lack of corporation, no unification, conflict, and confusion. All firmandles/firms, organizations, corporations, public agencies, private agencies, commercial places, etc., are to have built in their operations: cooperation, unification, union, and unification. Instead of department and division, use the word Umagnum, Unium, or unit.

There are no federal senators. Each State has 4 governors and 6 senators. No plastic, rubber, paper, tremoline, metal, amalgamated, wire, electromagnetic, mechanic, camouflage senators, leaders, or workers. There are no federal congresswoman/congress man or any state congresswoman/ congressman.

There are State authority, City authority, Town authority, and Municipal authority, and these are identified in the correct ranking. The places that are called counties, parishes, provinces, etc., can choose one of these categories to identify their locality or area.

#### Governors

All Governors and Mayors do not need and do not use legislative, executive, Judiciary, councils, and commissioners anymore. MY ORDER. There are no Constitution for State, City, Town, Municipal or anywhere in my Earths, this Earth, or any Chreation. There are my Constructivities, Rules, Orders, and Commands, etc. to obey and carry out. Constructivities are activities, procedures, processes, or things I am putting together that may be finished or unfinished.

The Governors, Senators, and Mayors are to physically do their work and know their localities in detail. Each governor can appoint no more than two assistants. All governors oversee the work of all their Agencies. The governors work with the Mayors to make the improvements, safety, security, protection, and initiatives happen. The governors are the head of all state departments and agencies. The governors carry out their management and leadership responsibilities and objectives with the support and assistance of department and agency heads. The governors give reporting on their section of the state and telling the citizens periodically how the state is doing on a variety of problems/solutions, seeking local interstate commerce, and working with the UN to expand local commerce overseas. The governors are responsible for the performance of all those who work for the state and those who work on behalf of the state through a contractual arrangement. The governor ensures that the state air space is protected with the use of the CFC, Ganja, Cannabis, the smoke, essence oils diffusion. That all transportations and streets are safe, no government or enforcement brutality, no harassment, or disrespect to any state resident, visitors, or any people by any type of enforcement or others; no federal court, no police, no town, city, county, or municipal court and no prisons, no one put in prison, no one getting the death penalty, all sentencing stop, all criminal record and all misdemeanor and other charges espunged. All payments must be given to every prisoner, claimant, or complainant of harassment, crimes, bullying put in place and working. Use my articles to identify the other responsibilities to put in place.

### Mayors

The Mayors oversees the different departments of a city. The Mayor manages the operations of the City. The Mayors supervise all operations and long-term planning strategies of City authority. The Mayors represent the City at official functions and each mayor can appoint no more than two assistants. The Mayors maintain safe streets, enhance the economic, social and environmental well being of the City, Municipal, or Town and its residents, promote public involvement in the City's activities, the mayors promote the City, Municipal, or Town locally, nationally, and internationally. The Mayors inform city residents, businesses, of the City, Municipal, or Town progress and its future plans.

### Senators

Each Senate work in her state. The senators are to do a lot of field work, as they are the senders. The senator is to work with the farmers to ensure that a variety of food crops are being grown and the proper procedure are being followed. All farmers are to have the seedlings and seeds to grow their crops and there to be no shortage of money to do their jobs. The farmers must have their mint or frank machines to prepare their own money to pay the workers, to buy the materials necessary and for maintenance, to purchase new tools and machinery, and to do the work that are to be done. The senators should work with the farmers to ensure that a variety of citrus, fruits, vegetables, flowers, etc. are being harvested in the right quantity, in the right quality, and proper maintenance are visible. They must ensure that the ganja, sense melia, cannabis, marijuana, poppy, tobacco, are being farmed and the right procedures are followed. Jackfruit trees, Ucalyptus trees, Breadfruit trees, Pine trees, Pimento trees, Seville orange (Bitter orange) tree must be farmed so they can be used for charcoal burning and wood chips for the fire places. The Senators must ensure that the factories are up and running to distill the essence from these and other plants, flowers, and vegetables and that the authentic plants and the distilled products are in the supermarkets, farmers market, pharmacy, and available in every community for all residents

and jobs who need to use them. The senators should arrange for the spray airplanes to be manufactured, in use, working, and maintained.

The senators should ensure that the air is cleaned with the use of the Ganja, CFC, cannabis, aerosol sprays, smoke, and other essence as directed and identified in all Articles. They should see that the cows, chicken, pig, fish are farmed in the right quantity and quality, and the right procedures are being followed. They should ensure that all horse, donkey, mule meat do not get in the supermarkets, or eaten, or get in the butcher shops, etc. That the sheep meat does not get in the marketplace or eaten. The sheep wool is blended with cotton, silk, etc., and used for clothing, rugs, parts of the shoes, carpets, etc. It is best to blend the wool. When the sheep is not able to be used anymore, they must be killed and burned with the essence dry leaves. The pig skin and the cow skins are used for clothing, shoes, coats, etc.

The senators should ensure that many farmers markets are in the communities and that fruits, citrus, vegetables, plants, the butcher shops are working and available for anyone to buy fresh meats, fish, chicken, etc. Goat skin can also be used with the proper maintenance procedures. Goat meat can be eaten and should only be done with the curry, pepper, and other seasonings. Senators should ensure that workers are being treated in the right ways, worker's complaints are identified and resolved, no bullying, no retaliation, no clocking of any worker by any employer, salary guidelines are being carried out, safety procedures are working, all employees have free physique medical, dental, vision plans, all retirement benefits procedures are in place, all worker's compensation procedures are working, all benefits and perquisites are given to each worker depending on their titles and education.

Perquisites include vehicles, housing allowances, travel allowances, etc. All workers can contact their senators to lodge complaints, to get clarification on work issues, and to get the assistance of their senators to resolve issues if the need arises. Senators work with the Mayors and municipalities to ensure that they are following the guidelines for protection, safety, security, and the streets are cleaned with the ganja and other protections, the roads are safe, no police arrest or brutality or disrespect of any citizen, the buildings are safe, etc. Senators are to ensure that communities are being maintained and developed as they are to be done. The air in the community must be clean, the community and surrounding areas to be clean and free from junk, germs, diseases, old buildings, old vehicles, and the air in the earth to be clean so that the devils cannot continue to torture and terror the earths. Senators can go to State, City, Town, Municipal Authorities and see the day to day activities of workers without interrupting the flow of their jobs. The senators can meet with leaders to identify issues, to give guidance on resolutions, and solutions of issues. These are some of the responsibilities of the Senators. The Senate can arrange to use the distill rice water mix with ucalyptus, & cannabis to clean the air. Use poppy, or sense melia, or ganja distilled to clean the air or the natural juice from them to spray the air.

All new leaders that I have authorized can only work within and under my authority. No old leadership that exist before can work under or with my authority. No old leadership or senators, mayor, governors, or others can do the work that I am assigning, approving, and giving authority to do.

All contracts and court cases are handled only by the State. No Town, County, City, Municipal court. All Towns, Cities, Municipals are to have State jurisdiction to handle contracts and resolving the state court cases, as no one is charged for any wrong doing only the devils, as the federal insect, animals, Celestial and species, things, the British governments, and other devils are the ones committing the crimes and doing wickedness in this Earth and the other Earths. I have already identified how these court cases are to be resolved in my other Articles. No police officers are to be used, and new procedures to be put fully in place.

All states are to be identified in their proper order and the right name. Many states are amalgamated by the many insect, species, animal devils. Contact libraries, universities, colleges, to get the correct Earth map and put on the States Website. You must first select the senators, governors, and mayors that are currently identified by the current state chart and work from that number. Once the selections are completed, then follow the right Earth chart to identify the amalgamated states. The new Earth chart must be published, in stores, on the internet, in libraries, book stores etc. The new states identified must also be included in the selection and appointment. The new states must have State authority, City authority and Town authority.

There is a Services Commissions buried in some states. None of them are to be plastics, rubber, electromagnetics, etc. The leadership is to follow the same pattern I have identified. They are to stay in the State where they are.

#### Terror, Deaths, Insurrections Charges

There must never be any federal, republic, or other heightened terror alert anywhere in this Earth or my Earths. All terror heightened alert are done deliberately by the federal, and the presidents to increase anxiety, bring fear, and to prevent many from traveling, living, and enjoying the Earth. The Federals/Republics/Others are the ones creating the insurrections and are fighting with each other across various territories to destroy my properties and to prevent you, my children from having goodness in your lives.

There are many terrors ongoing in the State of New York - Penn Station, Afghanistan, Syria, many towns, cities, states, countries because my Articles have not been given to my children and the various organizations. All TV stations, cable stations, newspapers, radio stations, magazines, United Nations, Churches, Mosques, Temples, Synagogues, governments, countries, World Missions, Consular General's Offices, Records and Registry Agencies, and many leaders including the Governors, Senators, Mayors, country leaders have received my Articles since the first week in January, and they have not obeyed my commands and have not told the people, the population of my PRESENCE AND MY ORDERS. I CHARGE ALL OF YOU for the insurrections, the deaths, the murders, the chaos, the hunger, the famine, the diseases, the poverty on my children, and the lies you have told about the beginning of the Earth, the OWNER AND LEADER OF THE EARTH, and about Paulett Angella Hemmings the Chreator of These Earths.

I also charge you for all my other versions who are to lead throughout the years in this Earth and other Earths and other places, that all of you have killed, put in poverty, put in prison, sodomized, and obstructed so you take the power over the Earths to lead my children, to take my

children allowances for your usages, and to take my properties as your properties. You have done these wicked activities through your conspiracies and your lies.

We are in these Earths to hide away from the federal insect, animals, species, celestials, thing devels, and the heavens. Our purpose is to live happy, prosperous, harmonious, joyful, vigorous, and be filled with goodness. Goodness must overflow for our purpose to happen. Riches must overflow. Money must overflow. ALWAYS MY COMMAND.

### Police

All Police stations are closed beginning June 1, 2017. All police are phased out between May 1, 2017 and May 31, 2017. No more Police. Harmony Associates replace them. No person can use the police places, as they are filled with devels and many wicked sorcery things in them.

All ranks of police, except the plastics, rubber, etc., to get salary until they find new jobs. They are many plastic police and some of them do not look like plastic, as they are many different forms of plastic peoples around. If the new jobs the police will find do not provide the same salary as before, the state must supplement the difference. They should not suffer any employee benefit deficiencies at no time. Those with union affiliation may continue until the unions are dissolved for the police.

### Harmony Associates

Beginning, June 1, 2017, fifty (50) percent of the fire workers are now working as Harmony Associates. The Harmony Associates use tear gas, mace, or pepper sprays to handle extreme disturbance if necessary.

Everyone must feel comfortable to work in their jobs and work environment with no fear of losing their jobs, promotions, etc.

#### New York City/Manhattan

Manhattan must be rebuilt in the proper manner with no cheapened materials or unsafe undergrounds. A portion of the Southern end of the Bronx and connecting to Harlem on the East Side and if any available on the West side in New York City must be identified and developed.

All the homes that will be affected must be relocated to upscale communities in Westchester county and those areas must have schools shopping centers/malls with restaurants and all the amenities of full functioning communities. The new build-up of homes and commercial/business areas to start this year. The commercial/business areas should look like a mini Manhattan. The proper name of the Bronx is (Bronx Town as it is the place for the Higher Rankings). The Bronx Town became the place for the Higher Rankings and the High Rankings, as it was close to Manhattan and a lovelier place to live. The Bronx Town also has the Paulett Places for the many actors in the Marcula Theatre Districts/Broadway and many other residents who were not in the acting field. The British changed the name of Paulett Places to Palaces.

The streets in Manhattan should be widened, space left in between the buildings, beautiful architectural design with proper essence protection, and less glass and more flowers and trees. Once Manhattan (Mercuria Town) is restored to the proper name and design, it will be a metropolitan city again. However, the Bronx area development will continue to be used, so care and proper development should be built into the design and longevity of the cities to come. There are no Bouroughs in New York City or any city or place in my Earths or Chreations. Only small animals and insects live in Boroughs. The insect devels are saying that people are insects and insects and animals are peoples. If they believe that peoples live in Boroughs it means they believe people are insects. New York City has five Towns and not Boroughs.

The Port Authority of New York and New Jersey is MY Port Authority. The correct name is Paulett Angella Port Authority.

The Port Authority of New York and New Jersey, I command all monies owed to me as an employee, a retiree, be sent to me immediately, meaning right now. All my personal GOG belongings, send some to me, and let me know where to get the rest. Do not use Federal Express or any federal post.

Westchester county which is part of the Bronx Town (Bronx)  
Another unused area to be identified for City development in the Westchester County of New York and to be built-up as a metropolitan city for commerce, arts, amusement park, water park, etc. The streets in Westchester county are to be widened, or new highways built, or train service put in place that prevents traffic congestion.

The residential and commercial areas of the Bronx, Brooklyn, Queens, Staten Island, to also be built-up in stages. The streets in New York Metropolitan City areas are to be widened, space left in between the buildings, beautiful architectural designs with proper essence protection, and more flowers and trees. Universities and Colleges are to be modified with much more space, the right architecture, and to be an enjoyable place to be in with no cramming and jamming of student's in classrooms, corridors, elevators, etc. Dormitories are to be modified and built with each room having its own bathroom and no sharing of bathroom facility.

The Port Authority of New York and New Jersey (PANYNJ) World Trade Center (WTC) must be built with the proper design, construction, materials, and protection that I approve of (I do not approve of what is there).

The Port Authority of New York and New Jersey must be built as a high-rise building with no more than forty (40) floors. It must be the highest high-rise building in New York City and New Jersey. The Port Authority of New York and New Jersey must have a variety of smoke stacks in the right places and to continuously diffuse the smoke in the air so the air is cleaned in New York City & New Jersey for the residents, commerce, and for the air transportation. They must also have the Chlorofluorocarbon (CFC) diffuse in the air every ½ hour (half of an hour) for the natural Earth and accordingly in the right time for the natural cut-out, the Parletas/Perspectile, Parsemonous, Perguntas, etc., and the essence diffusing continuously in the air so the residents and the air traffic are protected.

High rise buildings that are safe and protected can be built in the Five Towns of New York City; Queens, Brooklyn, Bronx, Manhattan, Staten Island so the LaGuardia and the JFK airports are protected. The high-rise buildings for people to live must not be higher than 20 floors. The buildings for commercial purpose, should not be higher than 30 floors to secure safety for the fire fighters. All homes in high rise building must have a safe and secure outdoor terrace with an area for small garden built into the plan. The outdoor terrace areas must be also have the insect repellent aluminum/bauxite fine mesh or the Pfifer insect mesh around the terrace areas. The Pfifer mesh can be replaced when it is worn out by the HOA or cooperate that manages the operation of the high-rise buildings.

Smoke stacks must be built in designated areas in the City and in the Towns. For the City and the air to be cleaned, the smoke stacks could be operated at heights like a 200 floor building or lower. It must be solid and made of Iron. It can be designed with various elevations so it is not just a one continuous pole (it could be a one continuous pole as well). It is best if no office or home is built on it for safety and no heavy people traffic is on it. The smoke stacks can be designed with the safety features and gigantic long iron poles that carry the smoke to the higher altitude in the air.

The smoke stack buildings must have the various ways to protect the towns and the air travels. Smoke stacks and furnaces to protect can be built with the usage of the wood chips as mentioned already. It can be built to use the chimney that gives less smoke. It can be built to use charcoal with the essence coal. Inside the towns to clean the air at various areas there can be more chimneys and fewer charcoal. Communities can also have their own essence diffusion, CFC diffusion, charcoal, chimney in designated areas that the HOA operates or Community Association operates.

New States will be added to LaGuardia air traffic and all domestic air traffic. New air traffic routes will be directed through the LaGuardia air traffic and all domestic air traffic. This means that LaGuardia and the others must be prepared. No Federal Transportation or Department of Homeland Security, or Transportation Security Administration at JFK and LaGuardia or New Jersey Airports, tunnels, bridges, etc. There are no Boroughs in the Earth. Only some animals and insect live in boroughs. My children are not animals. We do not live underground and we not to drive underground. This means no underground subways or transportation anymore. The five Towns in the New York City metropolitan area must be given their right names now. **THIS IS COMRAMDA.**

The Port Authority as it is called, must build my connecting trains (PATH) to run on outdoor rails not under the ground. All underground openings must be closed the proper manner with the full natural herbal oil and full natural herbal juice essence protection in layers upon layers.

The Port Authority must also build air space in New York Citys and New Jersey, as it is called for Air Car Transportation. Hubs must be built where the air cars are to be parked. Air car routes must be built below the airplane and helicopter flying routes.

Larry Silverstein, your properties, your associates, your connections, do not own any of my properties or have any lease holdings to any of my properties in this Earth, these Earths, or in New York. All your financial connections to the Port Authority of New York and New Jersey, World Trade Center are voided right now. THIS IS MY COMRANDA.

All business associates not of the Port Authority of New York and New Jersey (PANYNJ) and in Financial ownership of any part of the (PANYNJ) are all voided. The Port Authority of NY and NJ is to use the spray planes for the different height of the skies or elements and spray with the CFC, high quality distilled herbal essence, and Aerosol sprays, so New York is kept safe and the air transportation is kept safe. The CFC, Aerosol, and Herbal essence must be of the right quality and quantity I approve. The State that are illegally or legally operated cannot prevent or put obstacles in the way of the Port Authority's when they are putting in place the right order of operation, the right protection, the right rules, the right maintenance.

The Port Authority of New York & New Jersey must appoint two women Executive Directors from within the Port Authority leadership ranks. One of the Executive Directors must come from the Human Resources Department and the other from Engineering Department. The women must have a Master's Degree and they are: One Black woman and One Oriental/Asian woman. If an Asian woman cannot be identified, then an American Indian woman. If none of the two races can be found then 2 Black women. If suitable women are not in the engineering or Human resource department, then take one from the General Services Department and another from the Aviation Department. Two women leaders must be chosen from within and none of them Caucasian. There must be at least one Black woman as the highest leader. All workers politically connected or appointed are no longer employees of the Port authority or any Port authority. No new employee is to have any work connection with the governors, Mayors, Presidents, etc. All leaders of the Port Authority departments and divisions must be a woman. The leaders must be more Black women than other races. There must be American Indian, Oriental/Asian, and a few Caucasians. All department and division leaders must be women. No Caucasian woman dominating the leadership of the departments and divisions. Men can lead a particular technical development, and they must never lead people or life.

All new Board Members must be selected with proper credential that will be verified, and none to be rubber, plastic, tremoline, electromagnetic, mechanical, paraplegic, etc. No Board member can be sent from the State or have any connection to the State, President, Mayor, or any government officials. The greater majority of the Board members are Black women and a few men. 3 Black women, One Oriental woman, One American Indian, and one Caucasian woman. The men must have one Caucasian, one Oriental and two Black men.

Everything connected to the NY Penn Stations, Long Island Rail Road, Amtrak, Grey Hound, and all transportation to be in place must be put back in the right manner, the right name, and the right order. MY COMMAND.

The inter connection Bus Routes must be put back in the right manner, and order, in NYC and in all Cities, Towns, States/countries. The bus rest areas must be put back in the right decor and with the right sanitary toilets/ family rooms/amenities right now. MY COMMAND.

The Metropolitan Transit Authority (MT) is under my COMMAND. The MTA is MY AUTHORITY in New York. The correct name is Paulett Transit Authority. All organizations and corporations and all commercial entity that have my name on them are to be put back to the right manner, no matter how you have arranged to change my name with the federal government. My properties are my properties. You cannot steal from the GOG. Even small business that are called LLC and others who change the correct name of my places and put a similar or a different name, or put their name to my belongings must find the original in the district of Columbia or libraries and change the name back to the right name, title, and everything must be returned. THIS IS A COMMAND.

The Metropolitan Transit Authority of New York (MTA) is a shame and disgrace. The underground is filled with diseases and germs and is the insect, animals, species, and thing devels home. No one should commute exist in such rotten, dilapidated, and disgusting manner that exist in NYC today. Immediately clean out the subway stations with the essence of yellow orange blossom, yellow orange skin juice/Seville orange skin juice, lemon blossom juice with no sugar. Unsweetened rum like the 70 percent white rum must be added to the cleaning. Then use the ganja juice as finishing protection. Remove all old paint and put a small portion of full natural quality turpentine in all of the paint mixtures. No enzyme or any particle can ever be removed from the turpentine. Use oil paint only. Use the proper protection to maintain the subway station, as I have identified in my Article #1-1B and in all my Articles. All Inter City bus services now being operated by the MTA must be operated by the Paulett Bus Authority (PBA) and separate from the MTA. The PBA is a sub division of the MTA (PTA) operates under their own finances and connected to the PTA/MTA. Commute problems and traffic problems are communicated to the train operation and the bus operations, so there is a smooth transfer of information and for actions to be taken to improve the bus and train routes so the passengers are not left stranded.

MTA, the communities decides on how the bus must be run and the time fitting to them. These decisions are done in a community forum and at times on the weekends and evenings when people are available to attend. The communities must be given opportunities to meet at town halls to vote on what to be done and what is best for them. The five Citys must have their own

Paulett Transit Authority Buses. For example. Bronx PTA, Brooklyn PTA, Manhattan PTA, Staten Island PTA, Queens PTA. The City inside of the City must also have their own PTA. For example, Coop-City must have their own Authority, name the Coop-City PTA. The authorities for these inter city buses must have a physical building authority for each City operating a Bus Authority. The parent authority over the intercity Bus authority is called the PTA and has its own headquarters. All the City in New York City, their right name must be returned to them right now. THIS IS A COMMAND.

Everyone including the Port Authority should know that aerosol Sprays are good to destroy the devils. It does not kill them. Many of the devils are wearing inflatable lead suits that is heavy and gives them the natural weight to walk around like normal peoples. Some women wear lead in their dresses and pants and skirts to keep them down. Some of the leaders have a small flying saucer that they reduce and cover over by an incondesant zone, so they are not visible and the flying saucer hovers above without your knowledge. These leaders are covered around with many helpers you cannot see, as they are in the incondesant covering. You cannot feel the incondesant either. If you have sensemelia on your skin and on your shoes, and you bump in any one of them you will feel something knock against you or knock against your feet. That means they are somewhere around. When the Aerosol sprays are used, it removes the inflatable suit they wear and they fall to the ground.

When the trees and the ground and homes and the floors are covered with the Ganja protection, sense Melia, and Poppy, and the devils drop on anything, the insects, animals, species, things, and those alien species are burned up. Therefore, it is necessary for the spray planes to be working in all states and diffusing the ganja in the air at various levels to protect the entire Earth, states, towns, cities, communities, homes, commercial areas, the air, and all lives inside the Earths. Spray planes can also diffuse the aerosol in the air and low down on the ground to remove the devils from the States and Cities, etc. These are some of the responsibilities of the Senators to make happen. All Earths have their own authority and leaders. All elevation and levels of these Earths have their own leaders, and no one from the natural Earth is to go in the other elevations, levels, or Earths to lead or to travel or to do any work or to visit at no time now or in the past or time to come.

I command this Natural Earth to be put back in the right way (height, depth, width, length, time, speed, velocity, etc.) it should exist. Right Now! The natural Earth is separated from the other EARTHS and that is a violation, illegal, and not GOGLY.

All DRONES are illegal in this Earth and in all my Earths and all chreations. The Drones are the development of the thing devel. The thing devel is from outside of our life chreation. The thing devel uses electronic, electricity, mechanics, power, electromagnetic, and other forms of energy

to motorize the movement and can also appear to look like human and other essential things. Drones can look like an airplane. They can look like a person and they are extremely dangerous and they pry into private lives. I have seen a water drone that looks like a person blended with a leopard at the back of my home in the natural. I have seen and heard the heavy drone sound outside my backyard and it looks like a sort of miniature airplane with a blue radar. Donald Trump and Barak Obama among all the past US presidents and Republic Presidents in many countries have all hired and appointed politicians who are Celestials. The Celestials are from an Original Chreation and they are the milky white species. Their bodies have a fish like look that is something like a mermaid's bottom portion and without a fish tail. They have long and extended bodies with serpent like tails. The alligator and crocodile is from their mind and design and placed in the Earth. Barak Obama is the Old Woman who lives in a shoe, she has so many children she does not know what to do. Barak is a Celestial and goes in and out of many chreations and Earths and take from the places the money, riches, the food and deprived everyone of their lives. The Celestials said some of them are from beneath the elevation of life and far, far away. The celestials said they are somebody and called Man. They put themselves in our environments and put themselves to live above our existence. They are not to exist anymore, as they are the destroyers of life. The celestials are mostly reptile looking and they are also lizards, crocodiles, iguana, alligators, and many other wet forms of life. They like water and they can also live on land. Hillary Clinton, Michelle Obama, Barbara Bush, Trump wife, in the cut out are forms of Celestials.

Donald Trump has a great majority of the Lucifer generations in him, and he wears one of the Lucifer's features. Donald Trump has many of my chreations and different peoples in him, and he wears them in him to get more and more power, and to have control over me. The bible said that Lucifer is the devel. The federal governments/republics/british, and others are the writers of the bible. Donald Trump wears one of the Lucifer's features, and so Donald Trump, is that deceptive devel. Donald Trump and these many devels wear people and our kinds as clothing.

Donald Trump has one of my property using. It is a green Emulet/Amulet and used as his backdrop at times when he is giving briefings. I saw him use it in February a number of times, and it is the face of a black woman and it has a green color. Many of the politicians and leaders they go in the space areas and in many chreations and they take many peoples and cut them out of themselves and abduct them. Then they have them in this Earth and many other places torturing them, suffocating them, hungering them, and wearing them in their shell, effigies, statues, etc. Donald Trump changed the face of my peoples and my chreations tremendously.

Do not spit with throat slime or food in your mouth. Throat spit is called hawk & spit and that is not it. Your tongue spit can protect another and it can kill the devel. I comranda that you spit on all politicians and leaders to see if they are devels or not. If they unfurl/uncurl and look like a serpent, Say: I cut and cross your cross, and I cut and cross your rass; repeat as much as you want. It is best if repeated after four times. Then say: Shame and disgrace, Shame and disgrace, Shame and disgrace, Shame and disgrace 200 trillion times.

You are all turn out. If any other problems say: All Celestials, I burn you, I burn you, I burn you, I burn you out. **Ashes to Ashes, dust to dust.**

Paulett Angella Hemmings owns all things and all peoples, all lives in this Earth, my Earths and over all Chreations.

For those who I have sentenced, I have designed the following punishments for them to be on Live Reality TV in all places. For now, the punishments are:

1. Channel that is called: End Time TV (ETTV). 2. The program should be called Devel Reality Punishment

All I have sentenced to prison for Treason and above, must be monitored every second of the day and shown on national TV, about their daily activities in reality prison life TV.

1. For three hours per day, the red biting ants must be placed in the prison room and let out so they crawl all over these devels and bite and sting them. The prison walls must be made with Pfifer insect mesh so no ant is let out. After the three hours, use the Aerosol fogger to spray the insect, and also use the Repel Hunters Formula Insect Repellent Aerosol, or the Raid Aerosol ant killer to kill the ants.
2. Waterboarding is a form of water torture to be done for three hours per day beginning immediate and on the live reality TV for all prisoners. We get one hour of watching the different punishment being done and this is done daily on a public TV for the punishment

of the devels in this Natural Earth and other Earths and chreations where the devels are located.

3. Another punishment is called the Any punishment/Make it happen punishment. Anything we want, any way we want, any time we want, any one we want, any day we want, any how we want. The public can call in and identify a punishment that they want to be used on the devels and the punishers and producers make it happen on live TV. The prison will set up the punishment as described by the callers. Then the producers put the prisoners in the situations and film their reactions and the live events. These will be painful and horrible punishments. The identification of persons who call in will not be released, and no one person can call more than once per year. The voice will not reflect the identity of the person so no tracing of the caller. We all experience devels terrors and wickednesses, and it is time that all of us get to enjoy seeing them experience their punishments right here in this Earth and these Chreations.
4. Take a look on the international news archive for today 5/6/2017 about 7:00 pm and after and see how they increase the terror and they go from one wickednesses to another in torturing me.

The TV channel is a Public Broadcast channel with re-runs and live on demand daily filming and production of the events of their daily lives.

Some days the prisoners are not to get water, no food, no sleep, loud banging on the cell doors and calling their names so they are kept awake. They are to be beaten and put on the floor to sleep in filth and with the garbage all around them. They are to exist in freezing temperatures and extreme heat temperatures. They are not to get to use the toilet some days. They should be put in heightened terror situations. These are a few of the punishments that they will receive continuously per day without stopping.

One prison for this filming is the Miami International Airport prison operated by the Miami-Dade County and the federal government under the State of Florida, and I do not want governor Rick Scott in any arrangement, as he is sentenced and a prisoner as well. The conditions in this prison is to be maintained, as it is now, and not cleaned out. The State of Florida and the federal government know which prisons I am talking of.

#### Leadership Violations

All former Governors and present Governors, and those who are presently Mayors and past Mayors who are plastics, rubber, mechanics, electromagnetics are all in violation. They have violated my children's safety, life, physique, their happiness on several occasions. They are charged with Treason.

State is not to publish private address, name, and telephone number. The State not to publish home based business address and confidential information. A fine of \$50,000 to any state guilty.

#### Lucifer

I do not know of anything bad about a Lucifer. I have had instances where I was being tortured by the devels, and I called the Lucifer for help and the Lucifers came and helped in several

situations. I learned about many situations where the devel stole a Lucifer's wife and the husband would not stop until he finds his wife. I saw the devils tortured the Lucifers and used their knowledge. I know that the Lucifer men are highly knowledgeable and no fool. I know the Lucifer women are of high integrity and etiquette.
