

Gerri Mason Christmas Wish List

As many of you may know we recently lost one of our most important community figures, Gerri Lee Mason. She has carried many programs for our community such as Warm the Children, Energy Express, Toys for Joy, Grandparent and Me Day, STEM Festival, Family Fun Day and more. Gerri made a wish list for the Mineral County Family Resource Network before her passing. We are reaching out to our wonderful community and asking that you help us make her last wish a reality, in memory of Gerri Lee Mason.
