

Dr. Evelyn Del Rosario has been with Bright Futures Pediatrics since March 2018. She finished her medical degree at the Manila Central University in the Philippines, completed her Pediatric Residency Training at Henry Ford Hospital in Detroit and has been a Practicing Pediatrician since then. She was the only Pediatrician at the Out Patient Clinic of Genesys Regional Medical Center in Grand Blanc, Michigan.

She has brought us 26 years of experience in Pediatrics with her desire to continue here in Las Vegas. We are glad to welcome her and have her around to serve the young people of the city.
