

Letter from the President

Wolf Pack Weekend

Looks like activities at the lake are beginning to take off with the Sweetheart poker run this weekend. That means ***Wolf Pack Weekend*** is only three weekends away, **Saturday, March 7th!** Once again we will be having an organized ride to Crosswind Lake. We encourage riders of all ages and abilities to come along. We'll be leaving Lake Louise Lodge at 12:00 pm sharp traveling to Doc and Chico's cabin on Crosswind Lake via the Tolsona and Cindy trails, where Chico will have a hot lunch waiting. I have on good authority there will be barbecue chicken and pork along with miscellaneous salads and munchies for lunch. Chico has always been a generous host and has a wonderful and delicious spread prepared for everyone. So don't miss out on this great afternoon, come along on the ride. After lunch we'll travel back to Lake Louise on the Crosswind Trail, arriving back around four o'clock.

The ***Basket Auction*** will be held at the Point Lodge, beginning at 7 pm. and right after the auction we'll continue the evening, with live music and dancing provided by Roger Swanstrom.

Time to get creative and get those baskets together and plan to have a fun weekend. Baskets can be dropped off at the Point Lodge anytime.

Work parties

After grooming the trails this year, we've come across a couple sections of trail that need brush cut to continue to get the snocats through. I'm scheduling a work party for **Saturday, February 29th** to ride out approx 20 miles on the Cindy Trail to brush out an existing trail next to Game Trail Lake. This will allow us not to have to groom across the lake, which quit often has large areas overflow. We'll meet at Lake Louise Lodge at 10 am and leave from there. Bring an axe or chainsaw or loppers or just yourself. If we can get six or eight people to help, it shouldn't take to long to get the trail cleared. As a side note; come with a full tank of gas and we'll fill you back up when we get back.

The other section is at Mile 13, on the Tolsona Trail. This section is about 100 yds. long, going up a hill, which is overgrown with willow brush. I need someone to organize a work party to go out and cut this brush back. If we are going to keep the Tolsona trail open this will need to be done this season. The Club has all the brush cutting tools needed to do the job. If you can help out let me know. Contact Harry at 232-9080.

Thanks, Harry
