

Silver Express Paratransit

Dear Applicant:

The Americans with Disabilities Act (ADA) of 1990 is federal legislation prohibiting discrimination against people with disabilities. One of the overriding principles of the ADA is to ensure that all people have access to public transportation. As required by the ADA, all SILVER EXPRESS vehicles and facilities are fully accessible and usable by persons with disabilities.

The regular bus service is meant to be everyone's first choice for public transportation. For ease of entry all buses are equipped with ramps for wheelchair access and for those who cannot step up or down. In addition, other accommodations such as wheelchair securement areas and stop announcements made by drivers make using the regular bus service possible and enjoyable for many people with disabilities.

SILVER EXPRESS Paratransit is provided within the Silver Valley within $\frac{3}{4}$ mile of the fixed route service. Both stops must be within $\frac{3}{4}$ mile of the fixed route.

Because the regular bus service is accessible, having a disability does not by itself qualify you for Paratransit eligibility. Eligibility is not a medical decision. The decision is based on your functional ability to use the regular bus. If the effects of your disability prevent you from getting to a bus stop, riding a ramp-equipped bus, and /or getting off the bus and to your destination, you may be eligible for SILVER EXPRESS Paratransit services. Eligibility determinations are made based upon the limitations caused by your disability and will be tailored to your individual abilities. You may qualify for partial or full service.

SILVER EXPRESS may need specific information about the effects of your disability. After you submit your application, you may be asked to provide additional information. Your application will not be considered complete until all requested information is provided to SILVER EXPRESS.

You should know that your age, being new to area, never having ridden the bus, the unavailability of regular bus services, your inability to carry groceries or packages and /or your inability to drive are not disabilities. These factors will not be used to determine your eligibility for Paratransit.

If you feel that, due to the effects of your disability, you are unable to successfully travel using the regular bus some or all of the time, please complete the application form.

The application form has three parts:

- You or someone who is helping you must complete the first part. If someone helps you, please have him/her include their name and contact information in the spaces provided.

(continued on next page)

- The second part needs to be read and signed by you, the applicant, or your power of attorney or legal guardian. If you are under 18, your parent must sign the form. If you have a legal guardian, your legal guardian must sign the form. If a legal guardian or power of attorney signs the form for you they must include a copy of the legal documentation appointing him or her as legal guardian or power of attorney when returning the application form.
- The third part must be completed by one of the professionals listed at the top of page 4. Disability verification, on pages 4 & 5, is limited to those professionals listed on page 4. You may include additional information and documentation if you wish.

It is very important to complete all parts of the application before you return it to SILVER EXPRESS. Unsigned or incomplete applications will be returned to you. The ADA allows up to 21 days to process your application. We will begin processing your eligibility determination when the completed form is in our office along with any additional information that has been requested for you. You will be notified by mail of the eligibility decision.

Sincerely,
