

# Gardening to Attract Native Pollinators

**Free presentation featuring Virginia Lamb  
of Groundwork Education and Consulting**

**When: Tuesday, March 24th at 7:00 PM**

**Where: Cranford Community Center**

**220 Walnut Ave, Cranford**

Come learn how you can attract and foster native pollinator populations in your area through plant selection and organic gardening methods.

Native pollinators such as butterflies, bees and hummingbirds are vital to maintaining diverse, resilient ecosystems and play a critically important role in agricultural and horticultural plant (and food) production.

The program is **FREE** and open to the public. No registration is required, but seating is available on a first-come, first-serve basis.
