*Note: This list is not all-inclusive. Furthermore, any behavior or symptom may have alternative explanations in a child who has TS and other diagnoses such as Obsessive-Compulsive Disorder and/or Attention Deficit Hyperactivity Disorder. Differentially diagnosing any one symptom cannot be made without further study or information. Teachers or school personnel should contact the child's parents and treating professionals for assistance and guidance.

Dr. Jeffrey Bassman
Center For Headaches, Sleep, & TMJ Disorders

Welcome to the Center for Headaches, Sleep, & TMJ Disorders. Our goal is to help you improve your overall health and quality of life.

OFFICE POLICIES

Payments: At the time of service, payment is expected in full. We accept cash, checks, Mastercard, and VISA as payment, and we do offer CareCredit.

Cancellations: We require 24 hours notice if you are unable to keep your appointment. We try to give reminder calls for upcoming appointments, however, we are not always able to reach our patients. Therefore, you are ultimately responsible for remembering your appointments with our office.

We understand that emergencies do arise, but please let us know as soon as you are aware that you are unable to keep your scheduled appointment time.
