## About the Button Brief:

The Button Brief is published quarterly and sent to all members.

Single copy price is \$5.00.

Articles may be reprinted if permission is granted by the original author(s) & CSBS. The author(s) and California State Button Society should be given credit. A copy of the reprinted material must be sent to the author(s).

The President of each Regional club having a current CSBS membership is automatically a member of the Board (subject to requirements as stated in the CSBS By-laws). Two Board meetings are held during the Society's annual button show. In the event that a Club's President cannot attend, the Club may send a representative in his/her place.
