Answer: You may

In February, we learned about pets and farm animals. We made masks of pet faces, played in water like ducks do, practiced living on the farm by milking BV's very own cow, and even made butter with cows milk! What fun we had!

In the Spotlight

This month's Teacher spotlight we recognize Mrs. Starr and Ms. Becca!

Mrs. Starr has been teaching for 15 years. She wears many hats here at the center, including knowing the ins and outs of the classroom and office. Her favorite food is crab legs and she loves scouting and camping with her husband and kids. A fun fact about Mrs. Starr is she's camera shy. A quote that she lives by is "Yesterday is history. Tomorrow is a mystery. Today is a gift, that is why it is called the present."

Ms. Becca has been teaching for less than year but has nannied for two and a half years. Her favorite kind of food is Hispanic food. She loves to crochet and craft in her spare time. A fun fact about Ms. Becca is, she played the flute in marching and concert band in high school.
