

# 30-Hour OSHA Maritime Safety & Health Course for Shipyard Employment

## Course Director/Instructor

John M. Fernandez, CIH, CSP, CMC (Certified Marine Chemist), Industrial Hygiene Professionals, Inc.

## Benefits

Lectures, video presentations, classroom exercises and discussions provide students with an overview of key OSHA Maritime Standards for Shipyards (29 CFR Part 1915). Students are introduced to OSHA policies and procedures as well as general safety and health principles necessary for a safe work environment.

## Who Should Attend

This course is designed for supervisors, safety personnel and worksite managers in shipyard industries but is appropriate for anyone seeking to improve their knowledge of safety and health and improving worksite safety on shipyard projects.

## Selected Course Topics

- ❖ Introduction to OSHA
- ❖ Walking and Working Surfaces
- ❖ Personal Protective Equipment
- ❖ Fall Protection
- ❖ Electrical Safety
- ❖ Confined and Enclosed Spaces
- ❖ Fire Protection & Prevention
- ❖ Hazard Communication and Hazardous Materials
- ❖ Respiratory Protection
