Regarding: CCSF Accreditation Trial

Dear Judge Karnow,

Earlier this year I sent you and several institutions a packet of information regarding my experience as a CCSF Paramedic Student while I interned through the San Francisco Fire Department at Station 49. I spoke with your clerk several days later who confirmed that the packet of information had arrived.

I am re-sending this information to you again in an email and asking you to consider my experience when you make your verdict.

Sincerely, Paul Macchia
