BLACK MOUNTAIN POLICE PRECINCT NEWS

Volume 8, Issue 1

JANUARY 2019

HAPPY NEW YEAR !!!

The **BLACK MOUNTAIN COMMUNITY ALLIANCE** is an all-volunteer network of neighbors helping neighbors serving their community. We are an alliance of Block Watch Groups, PNP Groups / Members, Neighborhood Groups, HOA's, Businesses, Schools, City/County Agencies and Departments and Individuals in the **BLACK MOUNTAIN POLICE PRECINCT**. Our goal is to prevent crime and improve the quality of life within our neighborhoods. All are welcome to attend our monthly **BMCA Block Watch / Black Mountain Precinct Phoenix Neighborhood Patrol (PNP) MEETINGS** on the 2nd Wednesday of each month (except July, August and November) at 6:30 pm where you can meet with your CAOs, get the latest PNP info and see informative Presentations on Crime Prevention at the **Deer Valley Community Center (in the Multi-purpose Room)**, 2001 W. Wahalla Lane, Phoenix, Arizona 85027

Community and Business Partners:

We'd like to take this opportunity to thank you for your continued partnership. It is our Phoenix community and the dedicated men and women of the Phoenix Police Department that make us a successful law enforcement organization. On behalf of your entire Black Mountain Precinct team, we wish you a great holiday season, whatever you may celebrate, and here's to a happy, healthy, successful and safe 2019!

Commander Tom

GET INVOLVED !

We meet a lot of community members, business owners/managers and neighborhood groups that are looking to be more involved with the community and Phoenix Police Department but have limited availability. Fortunately, being involved doesn't take as much time as you think. In a conversation I overheard with an Anthem Neighborhood Watch member and an interested community group, he asked them if they could spare five minutes a week. That's all your initial investment is, five minutes a week. Of course you can always increase this investment; however, your level of involvement is entirely relative to your willingness and availability. The first step toward enhanced involvement is an understanding of what's available to you through the Phoenix Police Department.

Block Watch

A long standing partnership between the city and citizens. This is a program of neighbors looking out for each other. It is designed to enlist the active participation of citizens to reduce crime by reporting suspicious activity to police and improve the quality of life in their neighborhoods. Learn more about Block Watch by visiting the website at:

<https://www.phoenix.gov/police/neighborhood-resources/block-watch-info>

Virtual Block Watch

Virtual Block Watch is one of the Phoenix Police Department's contemporary crime prevention and investigation tools that demonstrates the effectiveness of partnerships between police and the community. Learn more about Virtual Block Watch by visiting the website at:

<https://www.phoenix.gov/police/virtualblockwatch>

Phoenix Neighborhood Patrol

Phoenix Neighborhood Patrol has long supported the notion that involved residents are the most effective crime fighters, reporting suspicious activity as it occurs. This program allows residents to become more actively involved as partners in crime prevention. They are the Phoenix Police Department's "Eyes and Ears!" Learn more about PNP by visiting the website at:

<https://www.phoenix.gov/police/neighborhood-resources/neighborhood-patrol>

Social Media

Facebook, Twitter and Nextdoor.com and are excellent ways to stay informed with the Phoenix Police Department regarding upcoming trends and events.

SafeBiz Network

For business owners and managers, SafeBiz Network is focused on providing unparalleled communication between businesses and the police in the City of Phoenix and surrounding areas. Learn more about the SafeBiz Network by visiting the website at:

<https://www.phoenix.gov/police/safebiz-network>

Silent Witness

This non-profit program was created in order to create a partnership between citizens, media and law enforcement in order to assist in solving crimes. Citizens remain completely anonymous and are paid cash rewards up to \$1,000 when the information they provide leads to an arrest or indictment. Learn more about Silent Witness by visiting the website at:

<https://www.silentwitness.org/>

These programs and resources are the baseline of what's available to you. The City of Phoenix offers additional opportunities to tailor your involvement level. One of the best ways start is to work with someone who is already involved. For that, I recommend you contact the Phoenix Block Watch Advisory Board or the Black Mountain Community Alliance. Both groups are knowledgeable and resourceful. Take a look at their websites, you can contact them directly or stop by one of their meetings, you'll always be welcomed.

If 2019 is your year to get involved, we are here to help. Take a look at the programs, contact an active community group or call your area Community Action Officer for more information. Together we can tailor your involvement to meet your availability and need. Happy New Year!

OFFICER INVOLVED SHOOTING STUDY

The following was sent by Police Chief Williams to a local news media outlet in response to a request for the status on the ongoing Officer-Involved Shooting study being conducted by the National Police Foundation and ASU, and specifically addresses a recent article written by the New York Times that addresses Phoenix and your Police Department:

We hope to have the results from the collaborative study by the National Police Foundation and Arizona State University on our officer involved shootings soon. It goes without saying that every effort should be made to ensure the success of this study as so many of us are concerned with the outcome and what lessons we may learn.

As for the New York Times article, the headline alone misrepresents what I have repeatedly said. First, the headline implies that we have already made up our minds as to an explanation for the rise in violent encounters. We cannot explain the rise, which is exactly why we have turned to experts and scholars to help us get an understanding of the sociological component to these incidents

Second, it misrepresents that we are blaming civilians. What we know, as fact, time and again during these encounters, violent individuals are victimizing members of our community and attacking officers with guns, knives, and other weapons. Going over some of the incidents from this year, many involved individuals who shot others, robbed others, and threatened others prior to police arrival, or shot at police as they arrived on scene.

While no one has yet said why, our reality is that out of the 41 Phoenix Police officer-involved shootings, we engaged 35 individuals armed with guns, 4 with knives and 1 with a dangerous instrument. The information is available in our OIS data showcase on <https://www.phoenixopendata.com>. The violence displayed by these individuals is very concerning, but it is not representative of those who live in Phoenix and our core values. Phoenix does not blame the civilians, as alleged in the article's headline. Phoenix rejects the violence perpetrated on our community, and the Phoenix Police Department will continue to defend our community against those criminal individuals who commit harm on those in our community.

Know that I am deeply concerned about the officer involved shootings that have taken place involving our officers and throughout our county. There are no easy answers to explain what has happened across our Valley this year. This is not the norm. We recognized this over the summer when by May of this year, we reached the total number of officer-involved shootings for the entire year of 2017.

I believe that the community and your police department must continue to look for answers and resolutions to our current situation. I understand the challenges this presents, because there are some whose trust in the police is diminishing. Please know that the Phoenix Police Department serves the entire community of Phoenix, including those with whom we are still strengthening relationships.

As Police Chief, I am committed to providing the most up-to-date version of body-worn cameras to our patrol officers, so that we can achieve a higher level of transparency regarding engagements between police and those we contact. I am committed to providing more up-to-date cultural competency and in-depth mental health training for our officers. Less lethal options and de-escalation practices, wherever possible, are always preferable.

It is my hope that over time we can all continue to work closely together to determine what might make things better.

Jeri Williams, Police Chief

PHOENIX POLICE JOINS NEIGHBORS BY RING

We're excited to announce that Phoenix Police has joined Neighbors by Ring! The 'Neighbors' app is a digital neighborhood watch right on your phone where you can get real-time crime and safety alerts from your neighbors and law enforcement.

PhxPD will be using 'Neighbors' to monitor crime in your area and send you updates on key crime incidents so you can all stay informed. By working together, we can all make Phoenix a safer community.

Download the free 'Neighbors' app today to see what's happening in your neighborhood: <https://download.ring.com/phoenixpd>

Users should understand that the Neighbors app is not a primary reporting tool and is not monitored by Phoenix Police 24/7. For emergencies and crimes in progress, call or text 9-1-1. To report a crime or file a police report, call Crime Stop at (602) 262-6151. Remain anonymous by calling Silent Witness at (480) W-I-T-N-E-S-S, or for Spanish (480) T-E-S-T-I-G-O.

TRAPPED BY DRUG ADDICTION?

Is it removing you from your own life?
Use PHOENIX POLICE DEPARTMENT'S
ARIZONA ANGEL INITIATIVE
to take back control of your life!

WHAT WE DO: Phoenix Police Department connects individuals suffering from substance use disorder to treatment regardless of their financial situation.

HAVE CHILDREN? Individuals with children can be connected to host families that provide sanctuary for children while their parents receive treatment.

WHAT TO DO: Come to any Phoenix Police Precinct with a State or Federal picture ID Monday – Friday, 7 am – 4 pm. Tell the front desk you'd like to participate in the Angel Initiative. If possible, make childcare arrangements for your children with family or friends, otherwise we will help.

CRITERIA

- Cannot have a criminal conviction of possession with intent to transport or sell, no drug violation in school zone, or more than three drug related arrests.
- Cannot be a fugitive of justice or have a history of charges for crimes that involve violence, arson, sex, children or the elderly.
- Precinct on duty leadership reserves the right to deny admission if they have a reasonable belief that Angel or a community member could be seriously harmed.

REQUIREMENTS:

- Follow staff directions
- Follow rules and refrain from illegal or inappropriate activity.
- Be able to self-manage within a non-medical non-psychiatric facility.
- Those with physical or mental disorders must be considered "stable" and take medications as prescribed.

CITYWIDE PHOENIX NEIGHBORHOOD PATROL

Detective Brian Kornegay

On Line Reporting for PNP

volunteer@phoenix.gov

GET YOUR PNP and ADMIN HOURS IN NOW!!! REPORT ALL OF YOUR VOLUNTEER TIME!!!

Since PNP went live with volunteer.phoenix.gov in August 2016, we have hoped to reduce duplication of effort and paper logs/worksheets. These new improvements continue this effort with the following changes. We hope to have videos up soon for the recent changes to online reporting.

Mileage Reimbursement

PNP members who have a NBW Grant in their neighborhood that has funds for PNP patrol fuel reimbursement we are offering, as an option, beginning this month to record miles and reimbursement documents online. The log sheet has been updated for this. PNP members recording their time for fuel reimbursement this way must enter the beginning and ending odometer readings and license plate number of the vehicle used on their logs. When you are ready to do a reimbursement simply email Brian.kornegay@phoenix.gov the PNP members name and the time frame you are requesting to reimburse and he will email back a report. This report will be signed as becomes your "receipt" for the grant quarterly report. The report double checks the math and calculates the reimbursement total. If this methods work well it will likely be the required method for the grants awarded in July 2018.

PVSA Participants logging hours

In the past PNP members who also participate in the Presidential Service Award (PVSA) program had to do separate entries for PNP and PVSA. This was a duplication of effort. We have an updated combination log for PNP and PVSA. Detailed instructions went out to the PNP members who are also in PVSA.

PNP Merchandise Price Increase for 2019

Our suppliers have gotten back to me with their 2019 prices. The 2019 order forms will be on the web soon. Neither of our main suppliers have raised their prices in at least 2 years and unfortunately a few of the prices have gone up for this upcoming year. The new prices take place January 1, 2019. If you place an order before the end of the year please email a copy of the order form to brian.kornegay@phoenix.gov no later than December 31, 2018, so your order is processed before the increase even if the "check is in the mail".

Save the Date

The PNP 25th Anniversary Annual Event (aka PNP picnic or PNP luncheon) is scheduled for April 13, 2019. We have secured a location, CCV North Phoenix, 15025 N 19 Ave (the former location of North Hills Church). This is by invitation only for volunteers who have reported 50 or more hours.

PNP BADGES: If you need to get a new badge, send a message to brian.kornegay@phoenix.gov.

PNP PATROL OPPORTUNITY!

Next First Friday's Art Walk PNP Patrol
FRIDAY, JANUARY 4th - 7:30 PM to 10:00 PM

Good Day Everyone,

Just a reminder that the next First Friday will be on Jan. 4th. We meet at 7:30 pm and start our patrol at 8:00pm, and we get done around 9:45 – 10:00 pm. I am not sure where the MAC Van will be at, but as soon as I find out, I will let you all know. I may not know where the van will be until that day.

SO PLEASE LET ME KNOW IF YOU CAN MAKE IT. This way I can contact you if anything should happen. I do not have some of your cell numbers, so if you plan on going, please send me your number. If you can't find us on Friday night, my cell number is 602-799-0143.

Thanks, Rick

This is a walking patrol...

PLEASE CALL IF YOU CAN MAKE IT! Contact:
Rick Sain at ussyorktown25@hotmail.com or
at 602-799-0143

If you have a PNP/BW Pro Comm radio please bring it as there will be few extras on hand to pass out.

These group patrols are a great way to get patrol training and practice with the portable radios or for the newer PNP members to get some patrol time with experienced members.

at 7:30 am at the Double Tree Hotel Phoenix North
(formerly the Radisson) at Metrocenter.

DEER VALLEY UNIFIED SCHOOL DISTRICT NEWS

Students and staff cut the ribbon and officially opened AVENUE 27, a new restaurant on the campus of Barry Goldwater High School. "The new restaurant allows students to have real-world experiences like none before," said chef and teacher Ryan Mattheis. The fine-dining restaurant can accommodate about 64 diners.

The restaurant, built by McCarthy Building Companies, was a complete remodel of the previous kitchen and classroom space, to create a new welcoming storefront with windows, a canopy, and accessibility from the exterior for the public to dine at the restaurant, said Andy Fillion, project manager for McCarthy Building Companies. Chef Mattheis, along with fellow chef and teacher Esther Skinner, were instrumental in the design and construction process with the teams. They provided feedback to truly make the layout work best for the students as they serve diners.

The project was funded through CTED Funds as part of the district's membership in West-MEC, said Jayme Fitzpatrick, Career and Technical Education Manager. The kitchen was intentionally designed with an open concept, where diners can watch students work to prepare meals. "What this means for us, is that we can make learning even more relevant for our kids, and that our students have authentic experiences to apply what they are learning by running a business and serving actual customers," said Barry Goldwater High School Principal Anita Stulc. "This opens up a whole new world for our students."

AVENUE 27 is currently operating on Friday evenings with tentative hours set from 4:30 p.m. to 8:30 p.m. Dining is open to the public by reservation.

To make a reservation email Avenue27@dvusd.org or call 623-445-3227.

NOW YOU CAN TEXT TO 9-1-1 IN MARICOPA REGION

Phoenix—"Call if you can. Text if you can't." was the key message rolled out during a press conference as text to 9-1-1 service capability becomes available for the first time in the greater Phoenix region. If you are in imminent danger and unable to talk to a 9-1-1 operator, you now have the ability to text to 9-1-1. The service goes live following months of collaboration between numerous public agencies and advocates for the disability community. The launch of the service is the result of the collaborative efforts of the Maricopa Association of Governments (MAG), Maricopa Region 9-1-1 and other public agencies working with members of the disability community, the Arizona Center for Disability Law, and the National Association of the Deaf. "Texting has become a very important means of communication and we are excited to bring this technology to 9-1-1 service following months of united efforts and leadership," said MAG Chair Jackie Meck, mayor of Buckeye. "This is a crucial alternative to a voice call when someone is in danger and can't talk out loud." Voice calling is always the best option because texting does not automatically provide dispatchers with your location. It also doesn't work with group texts and language translations are not available (yet). While calling is preferred, Congressman elect Greg Stanton says texting capability may help save lives. "We're using technology to help individuals with disabilities, who may otherwise have difficulty connecting with first responders in an emergency," said Stanton. "This also is an invaluable service for those who are in a situation where it may be too dangerous to call 9-1-1." "Technology often opens doors and makes life easier, and texting to 9-1-1 will allow people who are deaf, hard of hearing or speech impaired to summon emergency services, report crimes, and summon aid for others," said Rose DalyRooney, Legal Director at the Arizona Center for Disability Law. "Texting to 9-1-1 makes emergency services more accessible to the more than 150,000 Valley residents who are deaf, hard of hearing, Deaf Blind, or have speech difficulties," said Howard A. Rosenblum, CEO of the National Association of the Deaf. "Maricopa County and Phoenix are providing a model for the rest of the state and country in making their 9-1-1 services accessible to all." MAG identified a solution to purchase the system necessary to make text to 9-1-1 a reality. The system was installed in December 2017 and public safety call center personnel have been being trained over the past several months to make this day possible.

[Police Virtual Block Watch
www.phoenix.gov](http://www.phoenix.gov)

VIRTUAL BLOCK WATCH

Virtual Block Watch is one of the Phoenix Police Department's contemporary crime prevention and investigation tools that showcases our partnership with the community. Virtual Block Watch utilizes your security cameras to help solve crime. This exciting new program is now live and like all new programs, there are always new questions. Officer Martin took the time to answer these questions.

Q: How will Virtual Block Watch assist the Phoenix Police Department?

A: VBW will assist the PPD by collaborating with the community efforts to retain the theory of "being the eyes and ears" for a safer neighborhood. The recorded video will be an additional document/digital evidence of the crime for prosecution.

Q: What type of security/computer system is required in order to participate?

A: A DVR with a 30 day retention capability is preferred. This is usually a 1TB of storage capacity. It is recommended that the camera's are at a resolution of 1080p for a clearer picture but a 720p system can still be registered with Virtual Block Watch.

Q: Do you recommend any specific security/computer or camera system?

A: This will be completely up to the homeowners discretion (cost, resolution and availability of system) with the functionality and comfort level of the purchase.

Q: Does the Police Department have remote access to my security/computer system?

A: NO. Virtual Block Watch **will not** have any type of streaming capabilities or live feed from your CCTV system. The PPD will have the address of the registered system along with the locations of the camera placement.

Q: If my security system captures a criminal or crime, will I be required to testify in court?

A: NO. Once the PPD captures/copies the portion of video needed for prosecution, Forensic Imaging Tech (a city of phoenix representative) will testify on the digital evidence.

Q: Where do I get additional information on Virtual Block Watch and How do I sign up?

A: www.phoenix.gov/police/virtualblockwatch or email your question to virtualblockwatch@phoenix.gov

The Black Mountain Precinct is incredibly excited about this new program. Please share this new Virtual Block Watch program information with your friends, neighbors and community groups. Help us solve crime by getting those security cameras registered with Virtual Block Watch.

PHX C.A.R.E.S.

PHX C.A.R.E.S. leads with services to help those experiencing homelessness find long term solutions.

PHX C.A.R.E.S. sends trained outreach teams, that take the time to build rapport and trust with people on the street, to encourage them to accept the services and resources that are offered to help end their homelessness.

Encampments

Homelessness is not a crime. However, there are a variety of laws and ordinances which govern how space and property are used to promote a safe, healthy community environment. If you are concerned about an encampment in an area not meant for residency or long-term occupation, please let the City know so it can be investigated and addressed as appropriate.

Shopping Carts

The Neighborhood Services Department (NSD) has a program to retrieve abandoned carts from neighborhoods, alleys and public streets. The program encourages retailers to reduce the number of carts leaving their property, therefore limiting potential safety hazards and blight in the community. File a report with the exact location of the cart(s). Carts will typically be picked up within 24 to 48 hours of the call.

Light Rail and Bus Stops

The safety of our bus and light rail passengers is our top priority.

The city of Phoenix works with Valley Metro on enforcement and the collaboration of safety specialists to keep our customers safe aboard our transit system.

We encourage riders to report any inappropriate behavior. This includes people who are being loud, rude or harassing, as well as suspicious behavior and criminal activity.

If you see someone breaking the law, please call 9-1-1.

However, if someone is not abiding by the Valley Metro rules of conduct and etiquette, such as lying down on seats, loitering at light rail platforms or bus shelters, please report these instances to a bus operator, or if you're a light rail passenger, report to a security guard, fare enforcement officer, or use the emergency call buttons located on each train and platform.

Neighborhood Assistance

You can help prevent encampments from forming in your alley by keeping it clear of weeds and debris, properly placing trash in the containers, and working with your neighbors to keep an eye on the alley. Learn more about programs through the city to help with neighborhood cleanups.

Neighborhood Specialists serve as city liaisons to residents, answering questions about city programs and services, organizing community meetings and cleanups, and working with other city departments and agencies to provide services.

Property Owners Assistance

How is trespassing related to crime prevention? Trespassing comes up many times in a business setting. Consider the customer who is disruptive or the one you suspect stole from you last time. Don't forget the visitor in your office that is starting to get angry. Dealing with all of these people can be unnerving if you don't know where you stand. Understanding the rules can allow you to determine the outcome of these situations and possibly avoid a violent confrontation. As the owner of a property that operates a business, you may request an Authority to Arrest, which allows Police to trespass individual(s) who do not have your permission to be on your property. The Phoenix Police Department provides guidance on the laws and where to place No Trespassing signs.

How it Works

1. The city receives information about unsheltered homeless through the customer service line at 602-262-6251 or online at [PHX At Your Service](#).
2. Human Services department staff coordinates outreach and engagement for person living in reported encampments with the goal of connection them to housing and supportive services.
3. Human Services and Community Bridges, Inc. (CBI) outreach teams respond 7 days a week from 5 a.m. to 11 p.m.

Outreach teams seek to respond within 3 to 5 days of receiving referral.

WHEN YOU CALL 911 KNOW THE 10 W'S

"Call if you can. Text if you can't." was the key message rolled out during a press conference on April 2nd as text to 9-1-1 service capability becomes available for the first time in the greater Phoenix region. If you are in imminent danger and unable to talk to a 9-1-1 operator, you now have the ability to text to 9-1-1. The service goes live following months of collaboration between numerous public agencies and advocates for the disability community.

SIGN UP FOR REVERSE 911 IN CASE OF EMERGENCY

- Getting an emergency message out to those living near a catastrophe can be difficult. In Arizona, there is a reverse 911 system.
- The Community Emergency Notification System helps those managing a disaster send a message to potential victims, alerting them to stay away and stay safe.
- The Community Emergency Notification System is a robo-voice message alert going straight to your phone.
- The system automatically dials the landlines in the area of the active scene, but with landline phones nearly extinct, you must register your cell phone if you want to get the message.

CRIME TIPS:

ADOR reminds tax professionals and employers to be on the lookout for phishing email scams

The Arizona Department of Revenue (ADOR) is reminding tax preparers and employers in the state to continue looking out for phishing and other email scams. One particular email scam is the Form W-2 email phishing scam.

The W-2 form reports an employee's annual wages and the amount of taxes withheld from their paycheck, as well as other confidential information.

The most common scenario involves a phishing email sent to someone in a company's human resources or payroll office that appears to be from an executive of that business. The email inquiry requests employee W-2 data, and in some cases, payroll information to be emailed immediately.

Some examples the email is a scam is that it will contain grammatical and spelling errors, as well as old or wrong company information. The email addresses will be made to look like an internal email address, but will typically have an external email address (e.g., Gmail, yahoo). These scams also may try to impose a sense of urgency by saying the Form W-2 information is needed immediately.

The Department of Revenue recommends that companies and their staff refrain from responding to the email and confirm the sender's request by connecting with the person whose name is on the email by phone or in person. If the business has an internal phone directory, employees should use the number listed in that directory rather than a number provided in the suspicious email.

ADOR urges employers to take steps to ensure payroll, finance and human resources' employees are aware of the W-2 scam and by establishing specific internal policies to address these requests.

An organization receiving a Form W-2 scam email or has any questions should contact the Department of Revenue's Identity Theft Call Center at: (602) 716-6300, toll free: (800) 352-4090 or at: <https://azdor.gov/individual-income-tax-information/identity-theft>

GIFT CARD SCAMS

Gift cards have become one of Americans' favorite ways to mark birthdays and holidays. A 2018 Deloitte survey found that gift cards and gift certificates are on 54 percent of U.S. consumers' holiday shopping lists, making them the most popular type of present. But scammers also love gift cards, which provide them with numerous, virtually untraceable ways to steal.

According to the FBI, one common trick is for thieves to go to stores and surreptitiously scratch off the film strip on the backs of gift cards to get the personal identification numbers (PINs), which they cover back up with easy-to-obtain replacement stickers. The card numbers and PINs are entered into a computer program that repeatedly checks the retailer's website. When someone buys and loads a compromised card, the scammer is notified and can spend or transfer the money on the card, or cash it in, before the buyer or gift recipient has a chance to use it.

Fraudsters also lurk on resale or auction websites, ostensibly offering goods at an attractive discount. Once they get you interested in buying, they'll ask you to pay with a gift card. As soon as they get the card number and PIN, they vanish, and so does the money on the card. Requests for payment by gift card are also a regular feature of [tech support](#) and [impersonator](#) scams.

Another play is the phony giveaway. You get an email or text message, supposedly from a well-known store or organization ([including, on occasion, AARP](#)), saying you've won a gift card. To claim it, you just need to provide contact information, click through to a website or answer a few survey questions, often about your finances or health. Crooks can then install malware on your computer, use your data for identity theft or sell it to marketers, resulting in a barrage of spam emails about loans or miracle cures. These precautions will help you sidestep gift-card cons.

Warning Signs

- The packaging on a gift card in a store appears to have been tampered with, or the PIN is exposed.
- A person selling an item online wants to be paid via gift cards from a different retailer.

Do's

- Do delete any unsolicited email or text message offering you a gift card, without responding.
- Do get gift cards at stores that keep them behind the counter or close to checkout aisles, where they're harder to tamper with. If you buy a card stocked elsewhere in the store, make sure it's securely sealed in packaging.
- Do examine a card carefully for signs of tampering before you buy it.
- Do register your card, if the retailer offers that option. That makes it easier to track and quickly report any misuse, according to the Better Business Bureau (BBB).
- Do buy cards directly from the businesses where they can be used. If you do go through the secondary market, check reviews and only buy from reputable resellers.

Don'ts

- Don't buy the top gift card right off the rack. That's where impatient scammers usually put doctored cards, the BBB says.
- Don't give personal information to anyone in exchange for a gift card.
- If you're selling a gift card through an online resale market, don't provide the buyer with the PIN until the transaction is complete.
- Don't give gift-card information to callers claiming to be from government agencies or tech companies. Only scammers ask you to pay fees, back taxes or bills for services with gift cards.

From the Desk of Bill Montgomery-

With more people moving to Maricopa County than anywhere else in the U.S. during the last five years, we've been busy! Did you know that we had more than 55,000 cases submitted to this Office by law enforcement? Of those, about 37,000 were charged, with roughly 10% offered a diversion program in lieu of formal prosecution. Those are just a few of the interesting facts about our Office and I'll share more in this issue.

This past year, we worked closely with the community through our eight Community Based Prosecution Bureaus. Organized geographically, these bureaus provide our prosecutors the ability to forge relationships with local law enforcement agencies, community groups, business leaders and residents in a particular area of the county. This approach fosters understanding of each community's unique needs and circumstances, and improves our ability to seek justice, reduce crime and make our neighborhoods safer.

It was a great year for the Office. We continue to grow and evolve to meet the challenges and changes that come with an expanding population.

This holiday season we wish you and your family the very best and hope you enjoy this time of year. We're kicking off our annual holiday Save Lives, Don't DUI campaign with Lyft, Banner Health and iHeart Media to encourage you—and give you an incentive—to get a safe ride home from your holiday festivities.

Maricopa County is a great place to live. We look forward to continuing to serve you!

Bill Montgomery

ADOT PROJECTS GOING ON IN BLACK MOUNTAIN PRECINCT

I-17: Happy Valley and Pinnacle Peak Roads Traffic Interchange Project

ADOT and the FHWA have started the project to reconstruct the traffic interchanges on Interstate 17 at Happy Valley and Pinnacle Peak roads, add an additional travel lane on I-17 and replace a box culvert on Pinnacle Peak Road. The purposes of the project are to improve safety and traffic flow as population growth and development in this area of north Phoenix continue to grow. To receive traffic alerts and project updates by email, visit azdot.gov/I17TrafficInterchanges and click on the "subscribe for updates" icon in the upper right-hand corner of the web page.

Loop 101 (Pima Freeway) Project

ADOT has initiated a project to widen and improve Loop 101 (Pima Freeway) from Interstate 17 to Pima Road. The 2-year project, which will start in February 2019, will help address growing traffic demands in the north and northeast Valley and relieve traffic congestion on the freeway during the morning and evening peak travel periods. The project will add one travel lane in each direction between I-17 and Pima Road. To receive traffic alerts and project updates by email, visit azdot.gov/Loop101Improvements and click on the "subscribe for updates" icon in the upper right-hand corner of the web page.

I-17 Frontage Road: Drainage Improvement Project

The Arizona Department of Transportation is planning to construct improvements to the drainage system along the Interstate 17 frontage roads between approximately Greenway Road and the Arizona Canal Diversion Channel (ACDC) just south of Peoria Avenue in Phoenix. The improvements will include a new gravitational flow drainage system utilizing various sizes of concrete pipes and the removal of the pump stations from the traffic intersections at Greenway, Thunderbird and Cactus roads and Peoria Avenue. To receive traffic alerts and project updates by email, visit azdot.gov/I17DrainageImprovement and click on the "subscribe for updates" icon in the upper right-hand corner of the web page.

PUBLIC SAFETY FEE GOING INTO EFFECT

Fee to be collected during vehicle-registration process

Beginning Dec. 1, Arizona motorists expecting vehicle registration renewals will see a new Public Safety Fee. The fee was established by state law to support public safety and Highway Patrol operations. The fee goes into effect for registrations due in January which can be paid as early as Dec. 1, and immediately for newly registered vehicles.

The fee will be collected during the vehicle-registration process administered by the Arizona Department of Transportation Motor Vehicle Division. Arizona statute established the method for collecting the fee and sets the process for determining the amount based on a formula designed to support Highway Patrol operations.

Highway Patrol operations — among the most visible functions of the Arizona Department of Public Safety — include response to collisions on Arizona highways, enforcing state laws designed to keep the motoring public safe, arresting impaired drivers, assisting motorists in distress, air-rescue operations and patrolling more than 6,800 miles of highways.

Most motorists will pay \$32 per vehicle, per year. Street-legal golf carts and primarily off-highway vehicles will pay \$5. Those who register a vehicle annually or pay for a two- or five-year registration will pay the entire amount up front for each registered year.

The funds raised through the Public Safety Fee will not only provide necessary dollars for public safety, but will advance maintenance and construction of Arizona's highway infrastructure, including the state's Key Commerce Corridors that support economic development around the state.

Over the past decade, much of the Highway Patrol's budget was considered part of the Arizona Highway User Revenue Fund, the gas-tax account that supports Arizona roadways, including law-enforcement support. The new \$32 Public Safety Fee will allow gas-tax money to support roadway maintenance and construction, while providing a different source of funding for Highway Patrol operations.

For more information: www.azdot.gov/mvd.

For details on the enabling legislation, visit: <https://www.azleg.gov/legtext/53leg/2R/laws/0265.pdf>.

ARIZONA MOTORISTS SHOULD PREPARE FOR WINTER DRIVING CONDITIONS

Snow, rain could affect travel in some areas

Although Santa might have clear sailing before winter weather arrives in Arizona this week, drivers should prepare for snow and ice on highways in parts of the state's high country.

The Arizona Department of Transportation will be monitoring conditions along state highways in the coming days. ADOT's snowplow crews are prepared to respond if and when snow falls at higher elevations.

Rain could also cause slick conditions on other roadways. Motorists should be ready to slow down and allow extra braking distance behind other vehicles.

Snow can accumulate quickly in the high country, leading to slide-offs and crashes involving drivers unprepared for icy conditions. ADOT offers the following winter travel safety tips:

Follow weather reports and check highway conditions by visiting ADOT's Travel Information site at az511.gov or calling 511. ADOT also provides a free mobile app for iOS and Android that sends critical information on major highway closures as well as alternate routes. It's available at ADOTAlerts.com.

Be prepared to delay travel while snow is falling and ADOT's snowplows are working to clear highways. Vehicles stopped due to snowy or icy conditions, or crashes, make it more difficult for ADOT's snowplow operators to do their jobs.

If traveling into the high country, be prepared for possible delays and unscheduled closures. Pack an emergency kit that includes warm clothes and gloves, blankets, healthy snacks, water and a first-aid kit including all necessary medications and a fully charged cellphone. ADOT's list of emergency kit items can be found at azdot.gov/KnowSnow.

Make sure your vehicle is in good working condition. Check your engine belts and fluid levels, as well as windshield wipers. In the high country, consider having snow tires, chains or studded tires.

ADOT has a fleet of nearly 200 snowplows across the state. Drivers should give snowplow operators plenty of room to work and avoid passing a plow until the driver pulls over to let traffic by. Watch for snowplows operating across multiple lanes or in tandem. The safest place on a highway when it's snowing is trailing at a safe distance — at least four car lengths — behind a snowplow.

BLIGHT AND ZONING LAWS

STRUCTURES: The maintenance of a home is the responsibility of the property owner. Any wood, siding, shingles, roof covering, railings, fences, walls, ceilings, porches, doors, windows, screens and other exterior parts of any structure on the property must be maintained in weather tight, sound condition and in good repair. The property owner is responsible for making sure there are no doors or windows left open and not secure to the outside. *FOR HELP call the Preservation Division of the Neighborhood Services Dept. at 602-495-0700 to see if you qualify for a free Grant!*

OUTDOOR STORAGE: All outside storage that can be seen from the street should be inside sheds or cabinets. Items should not be set in car ports in view of the street. Please use enclosed areas or backyards.

JUNK, TRASH & DEBRIS: Junk, trash and debris cannot be left in the yard or car port and must be properly disposed of. This includes junk auto parts, appliances, furniture, building and/or landscaping material, trash such as discarded papers, cardboard, plastics, etc. including tree trimmings and fallen limbs or any other items that appear to have been discarded. The only exception is during the Bulk Trash Collection weeks four times a year.

PARKING: Parking is only permitted for passenger cars and motorcycles on residential streets, on driveways or in garages. A driveway or parking area must be constructed with an approved dust free parking surface. The stone must be 1/4 - 3/4 in size with a permanent border holding it in. 1/4 minus size stone is not allowed for parking. There are limits to the amount of front yard area that can be used for parking. Only 35% of the front yard may be converted to driveway or dust free parking.

GRASS AND WEEDS: Grass and weeds must not be allowed to grow over 6 inches high due to fire hazard, allowing the weeds to go to seed and spreading throughout the neighborhood and insect infestation.

ELIMINATE GRAFFITI: Keeping the neighborhood graffiti free is something we can all do. If there is graffiti on your property, please remove it as soon as possible. The Graffiti Busters Program provides paint, supplies and training to assist groups with eliminating graffiti. The City will also remove the graffiti from private property with written permission from the property owner. Call 602-495-7014.

Neighborhood College is a one-of-a-kind collaboration of workshops and hands-on learning experiences brought to you by multiple city departments. The intent of the program is to provide each participant with knowledge about the city's programs, services and resources; the tools to access those resources; and the skills and ideas with which to build positive, sustainable communities. Everyone is welcome! Regardless of whether you're a seasoned community leader or a new resident just looking to get to know your new home better, Neighborhood College is flexible enough to meet the needs of all Phoenix residents! We hope to see you at one of our many free workshops – and encourage your neighbors to do the same. **To sign up, call us at 602-534-4444. Online registration:** We've partnered with the Parks and Recreation Department to use their online enrollment process. You will be taken to "Parks and Recreation Online" where you will need to sign up for a free account. This is a one-time process that will only take a few moments. You will then be able to use the site in the future to sign up for any additional workshops.

25 volunteers joined the Phoenix Blight Buster Volunteer graffiti removal team today under the central Phoenix underpass to remove a large amount of unwanted graffiti.

The Blight Buster Volunteer Program (BBVP) is a training program designed for residents, ages 18 and above, to learn how to address a variety of blight-related issues; from back alley clean ups to reporting illegal signs in the public right of way. Those who successfully complete the training will be given a city identification, uniform, and resources to help carry out their volunteer assignments.

There are two levels to the BBVP, the Blight Buster and Blight Buster Leader. The Blight Buster works alone or in small groups. Their primary duties are to report illegal signs, remove graffiti, and to help out on big projects. The Blight Buster Leader is reserved for the more involved volunteer. They will receive the training and knowledge on how to become an effective leader for their community, learning how to recruit and manage volunteers. They will conduct anti-graffiti presentations to educate our community and youth on the negative effects graffiti has on our economy, and will also work one on one with residents in need, solving blight issues in their own neighborhood. For more information, please visit phoenix.gov/nsd/programs/blight.

IN PARTNERSHIP WITH PHOENIX FIRE!

Supra Senior Lock Box

Reduce the Time to Reach Seniors and Other At-Risk Residents in an Emergency.

www.lockbox.shopkidde.com

In an emergency, a rapid entry system is critical to the success of first responders. Supra Lock Boxes, by Kidde, eliminate barriers, reduce injuries, and minimize property damage. Trusted for more than 55 years, our emergency key lock boxes protect a wide range of both residential and commercial facilities. In compliance with International Fire Code, these police and fire department lock boxes are mounted securely near building doors, gates, and other entrances.

Supra Rapid Entry Lock Box

Instant fire department access without damaging the door or building.

BLOCK WATCH IMPROVES THE QUALITY OF LIFE WITHIN NEIGHBORHOODS

Block Watches come in all sizes. They can be a few houses in a cul-de-sac to a whole square mile neighborhood. They help to develop a "sense of community" and strengthen and sustain neighborhoods by bringing residents/neighbors together with a common interest.

Every Block Watch starts with one person and their concern for the safety and well-being of themselves and their families. Their motivation may be to meet or get to know their neighbors to protect the children, to keep property values up by eliminating blight and graffiti, to stop speeding on the streets by installing speed humps to protect the children, to have peace of mind by discouraging barking dogs and loud parties, and to be safe from crimes like burglary, theft and assault.

We all want to live in a safe and secure environment. Our homes should be safe havens. By rights there should be several layers of protection from the national level to our own neighborhoods. National and state governments provide control of our borders; state and city governments provide police and fire protection, education, and other resources, community member groups provide Phoenix Neighborhood Patrollers and the posting of PNP signs on neighborhood streets; Block Watch provides neighbors watching out for neighbors; and we provide our own home security alarms, lighting and burglary prevention measures.

AN INVITATION TO ALL

**BLACK MOUNTAIN COMMUNITY ALLIANCE MEMBERS AND ASSOCIATES
TO TOUR THE CITY OF PHOENIX
LABORATORY SERVICES BUREAU**

Every Tuesday and Thursday at 10 am and 1 pm, we hold tours of our building at 621 W. Washington Street for those who are interested in Science, Biology, Crime Scene, Evidence Processing, etc., or what it is we actually do. It has become a very sought after event for many citizens of Phoenix and visitors to our state. I want to go a step further and extend an invitation to other stakeholders throughout the City of Phoenix, community groups and organizations, but most importantly your organizations – Black Mountain Community Alliance and the East Black Mountain Partnership.

I feel it is very important for not only our citizens to understand what it is we do behind our walls. This will give you all a great opportunity to understand what happens on the back side of the crime we hear about daily and helps you all understand the need for our services to the community.

I am opening our doors to you and would love to have as many of your organization attend a short tour of our building at your convenience and pleasure.

Parks and Recreation Department - Code of Conduct Public Meeting Schedule

If you have concerns about your safety in our city parks, please attend one of these community meetings to learn about the Code of Conduct being proposed and to provide your feedback.

The Phoenix Parks and Recreation Department is in the process of creating a Code of Conduct Policy to govern city parks and facilities. The policy will address behaviors that violate park rules, and city and state regulations. It also will ensure that parks and facilities are safe and accessible to the public. **During the month of January 2019**, the Parks and Recreation Department will host a series of public meetings to have dialogue with the community and gather feedback that will be used when developing the Code of Conduct Policy. At these meetings, residents will be able to interact with representatives from the city's Parks and Recreation, Neighborhood Services, Human Services, Law and Police departments.

Parks and Facilities Code of Conduct Policy - Public Meeting Schedule:

Tuesday, Jan. 15, 2019 – 6 to 8 p.m.

South Mountain Community Center, 212 E. Alta Vista Rd.

Wednesday, Jan. 16, 2019 – 6 to 8 p.m.

Deer Valley Community Center, 2001 W. Wallowa Ln.

Thursday, Jan. 17, 2019 – 6 to 8 p.m.

Steele Indian School Park, Memorial Hall, 300 E. Indian School Rd.

Monday, Jan. 22, 2019 – 6 to 8 p.m.

Maryvale Community Center, 4420 N. 51st Ave.

Updates and information about this process will be available on the Parks and Recreation Department's [Code of Conduct webpage](#).

Questions about the process and upcoming public meetings can be answered by contacting the department by phone at 602-262-6862 or [e-mail](#).

REGISTER WITH BOLOCOP FOR CRIME ALERTS

www.bolocop.com is web-based delivery system built by law enforcement to be used by law enforcement to provide direct communication to businesses and community members. The service is free and there will never be a cost associated with using or receiving BOLO/ALERTS!

Simply go to www.bolocop.com and register for the alerts. You can choose alerts for the state, a city or just your zip code

You can help police solve crimes in your community if you're willing to "BOLO" (Be On the Look Out). An easy way to do this is to register at BOLOCop.com, a web-based communication program that will send you alerts from law enforcement agencies seeking the public's help on a range of public safety issues, including locating missing persons, identifying probation violation offenders, and recovering stolen property. The service also distributes information about crime trends that may be impacting your neighborhood.

Created in 2012 by Gilbert Police Crime Prevention Officer Vickie Owen and website developer Steven Mueller, BOLO Cop is used by hundreds of federal and state law enforcement officials to distribute critical police information in a variety of ways to individuals and businesses. The site will soon add a national registry known as the "Silver Directory" which allows members of the public to add information about a loved one suffering from dementia which can be used by police to find the individual's home should they be found or if they need to activate a Silver Alert.

BOLO Cop had its origins in a fax-based service started by Peggy and Paul Secaur in 1990. After Paul received a business fax that helped him and police apprehend a purse thief in the building he worked in, Paul and Peggy got the idea for Fax Net 1 and started sharing faxes with neighboring businesses about crimes in the area. Within weeks of launching the service, police were able to catch a bank robber, break up a counterfeit ring, locate an elderly man suffering from dementia and divert an attempted rapist.

For questions please call Officer Vickie Owen of the Gilbert Police Dept. Crime Prevention Unit at 480-635-7521 or Vickie.Owen@gilbertaz.gov

ACCESS NEIGHBORHOOD CRIME INFORMATION

Do you know what is happening in your neighborhood? If you are a Block Watch or PNP Group, it will be beneficial to know what is happening in and around your neighborhood! Did you know that you can sign up for alerts and access information, like dates and locations, on Burglaries, Thefts, and Assaults by going to www.phoenix.gov Select DEPARTMENTS, then POLICE, then CRIME STATISTICS & MAPS-

Welcome to the Phoenix Police Department's crime mapping website. Once you have read and accepted the disclaimers below, you will be directed to the RAIDS Online website. RAIDS online is a program operated by BAIR Analytics through a government contract with the City of Phoenix. The following does not constitute an endorsement of BAIR Analytics, its products or its services.

Using the RAIDS Online site, you can query and map selected crimes for your neighborhood within the City of Phoenix.

RAIDS Online is now LexisNexis Community Crime Map The same free mapping platform facilitating automated, transparent communication between law enforcement and the public, with a new name.
