

New Product Guaranteed to Repel Snakes!

How to use: Simply sprinkle a few dozen of these paper snake repellants liberally around the perimeter of your yard. Reapply after heavy rains, winds or neighborhood kids remove them.

How it works: Snakes are repelled by the smell of these paper pieces. Snakes can't cross the barrier created and will move away from your yard. Your kids and pets have never been safer!

Our Guarantee: We have a 100% guarantee that our product will work to repel snakes at least as effectively as Snake-B-Gone®, Snake-Away®, Moth Balls, Aromatic Oils mixtures or any other commercially available snake repellent. **We guarantee our product is an equally effective use of dollar bills.**

Where to buy: Our product is available from banks or from your local Snake Oil salesman.
