• This year, there are eight categories with books and pamphlets within the categories listed in alphabetical order. New selections are designated in **bold print**. We keep books on the list for three years but books no longer available through **Signal Press** will be marked \*. *All the books listed in Category Eight were suggested by members but because of the price, Signal Press will NOT carry any of them. Please check your local library or other sources.*

• **Please Note:** The deadline for redemption of Reading Reward Coupons (scrip) is **December 15<sup>th</sup>, 2018** as **Signal Press** is closed the last two weeks of the year.
