

4511.096 Examination of evidence.

(A) A law enforcement officer employed by a local authority utilizing a traffic law photo-monitoring device shall examine evidence of alleged traffic law violations recorded by the device to determine whether such a violation has occurred. If the image recorded by the traffic law photo-monitoring device shows such a violation, contains the date and time of the violation, and shows the letter and numerals on the license plate of the vehicle involved as well as the state that issued the license plate, the officer may use any lawful means to identify the registered owner.

(B) The fact that a person or entity is the registered owner of a motor vehicle is prima facie evidence that that person or entity is the person who was operating the vehicle at the time of the traffic law violation.

(C) Within thirty days of the traffic law violation, the local authority or its designee may issue and send by regular mail a ticket charging the registered owner with the violation. The ticket shall comply with section [4511.097](#) of the Revised Code. If the local authority mails a ticket charging the registered owner with the violation, the local authority shall file a certified copy of the ticket with the municipal court or county court with jurisdiction over the civil action.

(D) A certified copy of the ticket alleging a traffic law violation, sworn to or affirmed by a law enforcement officer employed by the local authority, including by electronic means, and the recorded images produced by the traffic law photo-monitoring device, is prima facie evidence of the facts contained therein and is admissible in a civil action or proceeding concerning the ticket issued under this section.
