Chairman Building and Grounds Harry Meneilly: He and his helpers did a fantastic job on the fire pit structure and redesign, plus it was ready for fall feast. Two 18" culverts were placed on far side of pond. A new mower was purchased, also softwood timber was harvested.

AJ and Lynn Tennant worked with DEC Camp for kids. The Board of Directors discussed the possibility of checking out local camps for our kids to go to. Providing their teaching is relative to those we have been used to having for our kids to receive. The DEC camps this year had only 800 kids where they usually have 1400. There were only 3 camps open.

Terry Botz looked after the gun ranges and had for the most part favorable reports. He did say the rifle range shed needed to be stained again maybe at a workday? and asked for a new 15 foot hose.

Scholarship: Charlie and Committee reviewed the applications and chose Erin Retajczyk his plans being to attend Suny esf. Club gave him \$1000.00 (this being more than previous years because we did not send any kids to DEC camp).

Charlie also shared numerous reports of various Conservation and sports events in our area.

Envirothon winner was Oswego HS

Board of Directors meetings: Conducted by 2nd VP AJ Tennant. At the October meeting they mapped out the tentative schedule for next year's activities, approved and made minor changes including the Fall Feast. The topic of an insurance bonding for people handling money asking if it could be researched. The year's budget was presented, discussed and with minor changes it was approved. The camp for kids possibly attending a local camp was discussed. They also mentioned the possibility of reviewing the By-laws which has not been done since 2012 and there have been many changes and additions. Also discussed the bench in memory of James E Abare. The bench has been purchased and will be permanently placed in the spring. (as most of the members know, Jim was a member of the club

for 55 years. In those years he held many positions, President, Secretary, Board member and along with John Meneilly Sr instrumental in the building of our Clubhouse, Storage Shed and Pavilion.)

2025 Elections were held at the November, chairman regular meeting, with results, conducted by Mark Brocket.
