

vision

Vision-to be able to see,

What's not in front of you,

That's not something,

A lot of people can do.

Baseerat

The ability to see,

If people say,

What they actually mean.

You should differentiate,

Between Munafiq or not,

If you have it,

Treasure what you've got.

To see what's not apparent,

To hear what's not said,

To view beyond the veils.

Is vision my friends!
