Hi Glenna!

It was so nice to meet you last week during your book event at St. Rose's in Newtown, CT.

You've accomplished so much, and it was exciting to hear about your intergenerational program! There's truly something special when the young connect with the senior members of any community. I look forward to reading the stories in *Friendships With The Heart*, and learning more about Kind Kids, Inc.

Thank you also for your encouragement with my book, which should be completed in a couple of weeks. It's going to be a whole new world for me.....

All the best!
