

RC Merry Garrett

Meeting started with the pledge and a moment of silence.

So another month and it's getting chillier yikes!!! Not something we as bikers are looking forward too I'm sure. But!!! Now comes the planning for the New Year.

We have our Christmas get together on December 7. Please bring any items for silent auction. We changed the date because a bunch of us wanted to go to other regions to eat their food, kiss all their folks and enjoy some fruity beverages while having a designated driver of course. Just saying

This year Region 6 decided to adopt a school we will be sending school supplies and paper products to a school that is in need of a little pick me up for our kids. We will be drawing a name from anyone that wishes to put in a school of their choice. It will be delivered in January so you still have time to donate. If you don't want to shop you can just donate your hard earned money to a good cause and we will shop for you

I went to my first RC/Board meeting October 12. Can you say Gerry Spomer runs a tight ship during these meetings yes you can. He made sure every RC that made it to this important meeting knew what was going on in the state. From the insurance SB528 that Dondi spoke to us on making it fair and just to every motorcyclist that rides in the state of Michigan, to the breakout sessions for the seminar that will be outstanding, to what our state Treasurer

Gary Kopta needs every region to get on board with, to the new bylaws that we will be voting on at the seminar (you must be there Sunday January 19 to vote with a current membership), to the plans for the field meet in June So for my first time there and eight pages of notes I have a lot to share with you at our next meeting. Way too much to write on here so be there so you are up to date and in the know. You don't have to come to region 6 meeting you can go anywhere in the state just about any weekend, times and places are in the rider. Need more info hey give me a shout Bring a friend let them know what we are about and I can promise that once they are there they will come back. After all it's only an hour or so out of your day once a month.

Want to run for an position in our region elections will be in January. Please let the officers there know what position you want.

Our region wants to give a shout out and a very special thank you to Dondi for all that you are doing for Abate. You take your own personal time just about every weekend. Leave your own family to go to regions no matter how many or how few members are there. You spend the time to explain in plain English what is going on with SB528 You take the time to answer questions that you have been asked time and time again. So our region wants to say that thank you isn't enough. But thanks so much

By the time this newsletter comes out our region will have survived a few trunk and treats. From Beaverton Schools to the Topsy Cowboy in Pinconning. Thanks to all that

donated candy to make this happen. Special thanks go out to Sue and Jim Carl and Cricket. If I missed anyone else that showed up thank you too. It takes a village to make things happen I'm happy to say our region steps up in all ways.

Our treasurer Joan Lawrence is keeping us in line and doing a hell of a job with it. It's a rough job with me asking her to take notes, take care of all treasury and building us back up. Thanks my friend I love ya

See Abate is family so come out and sign someone up, enjoy a meeting and by far the most important ask questions

To you and yours region 6 would like to send you blessings for Thanksgivings, a very Merry Christmas and a heck of a New Year

Here's to 2020 being the best year for ABATE. How does that happen???? Why you of course!!!!
