

January 17th, 2019

Hello Mrs. Glenna,

My son and I met you at Joint Base Andrews during one of your book signings. I must tell you that I was very sad that day. I was concerned because I felt that my son had been left out of a picture at school and I was trying to figure out how I could help him not to feel excluded. We came into the exchange and we chatted with you, purchased a book, and just when we were about to walk away you asked my son if you could take his picture for your website. Your kind and sweet act reinforced to me that there was a GOD and that GOD was telling me to not worry about my son, that GOD would take care of him and would right all wrongs toward him. Thank you very much!!!! It made our day!!!!

L. Morris
