

LCW Engineering INCORPORATED

“Superior Infrastructure Solutions”

COMPANY OVERVIEW

LCW Engineering, Inc. is an African-American woman-owned certified DBE firm providing civil engineering and construction management services for public works infrastructure projects. We specialize in transportation, water/sewer and site design services as well as construction management and inspection services.

LCW was established in August 2004 in Stone Mountain, Georgia as an S-Corporation. LCW is dedicated to providing the highest quality design projects at the best possible cost to our clients. We are committed to direct client contact, superior construction plans, and prompt project delivery.
