2018 Programs and Projects

2018 will be a year of working on existing projects. We will be working on improving the appearance and functionality of the complex through an integrated landscaping plan. The plan will include the creation of dedicated parking spaces, an improved pathway connecting the structures, an agricultural history presentation area and general landscaping improvements. We will continue to improve the Archives space, which is in the Little White School house so that we may better protect the various documents of Daufuskie History. Other ongoing projects include the Children’s Exhibit, the Sisters and Brothers Oyster Hall, the Oral History project and a self-guided tour booklet for the Museum complex. Please consider a contribution to our 2018 General Program/Project Fund and allow us to put your dollars to work where they are needed most. If you would rather choose a specific project, please indicate that below. Thanks for your support!
