# **Parish-Wide Feasibility Study Begins!**

Our parish leadership has made the decision to begin a Feasibility Study to determine the overall support for a new parish church. The purpose of this Feasibility Study is to gain the input, suggestions and advice from as many parishioners as possible. Gathering this information is great way for us to plan for the future as well as improve the parish as a whole. We ask that every family participate in this vital endeavor. We would like to hear from everyone. **If you received a letter from Fr. Dennis requesting a personal interview with our study consultant, we ask that you please call the parish office to schedule your interview.**

**If you would like a paper copy of the survey mailed to you, please contact the parish office.** Your input is vital in shaping our plans and determining the future of our Catholic family for years to come. **Be assured that this questionnaire is highly confidential and not a formal solicitation.** It is geared however, to obtain and gauge the sentiments, attitudes, and support of our parishioners for the proposed capital campaign project.

## **How do I complete the survey?**

Copies of the survey questionnaire will be available in church over the next few weeks. You can also compete the survey online.

To participate in the study online:

- Go to the parish website: [www.stkateritekakwitha.org](http://www.stkateritekakwitha.org)
- On home page, click on "Feasibility Study"

The findings from the study will give us the views and thoughts of the community as we discern the support that can be expected from parishioners as we consider our present and future needs of our parish.

On behalf of Father Dennis, thank you in advance for your advice, counsel, and prayers as they make plans for the upcoming project.

Be assured that the information you provide will be kept completely confidential.
