

FRANKLIN TOWNSHIP

Comprehensive Plan Project

COMP PLAN TASK FORCE MEETING AGENDA:

Sept 29, 2020

Zoom: 6:30pm

Discuss Community Workshop Takeaways for the purpose of selecting draft Comp Plan Priority Subject Areas, draft Critical Items for each Priority Subject Area, & draft Future Vision for Township including Goals & Objectives.

We will discuss takeaways from the Sept 15 Community Workshop. Community input from the Workshop will provide the starting point for selecting the 4-6 Comp Plan priority subject areas, and major points/critical items under each subject area. These critical items entail: 1) positives to maintain into the future, 2) items to enhance, and 3) issues to address via transformations.

We will then discuss a draft Township vision for its future. This vision will drive the plan and its policies. At the 1st Comp Plan TF meeting, a draft vision was provided and we will be revisiting it to discuss if changes are needed to address Workshop input. We will also be considering possible goals and objectives related to the draft vision and draft priority subject areas.

Before this meeting, please think about what you heard at the Workshop and come prepared with your ideas on the above. To foster meeting discussion, we will be putting together draft takeaways, draft priority subject areas, and draft goals and objectives.

<i>Status</i>	
<i>(Completed) 1st drafts etc provided to task force:</i>	<i>Next meetings& items:</i>
