We want to to be treated fair
Our families can't live on air
But the bosses, they just don't care**

**An eight-hour day! (treated fair)
A forty-hour week (treated fair)
A decent place to live (treated fair)
A fair rate of pay (treated fair)**

CHORUS

**We're going to go on strike (treated fair)
It's time to claim our rights (treated fair)
We're going to have a union (treated fair)
To help us in the fight (treated fair)**

**We want to be treated (we want to be treated)
We want to be treated (we want to be treated)
We want to be treated fair, treated fair
(whisper) treated fair**
