

Sustainability 2024

JICKSON CORPORATION PTE LTD

At Jickson Corporation, sustainability is more than a commitment—it's part of who we are. In 2024, we've taken bold steps to reduce our environmental impact and promote eco-friendly practices across our operations.

Happenings in 2024

- We celebrated 50 years of serving the local Singaporean F&B industry
- Celebrating the new packaging launch of Walker's Shortbread and Festive Ranges, with thoughtful designing to reduce packaging material while ensuring quality
- Sending our staff for their Sustainability 101 & Eco-Ambassador courses with more planned ahead for 2025.
- Development of a new sustainability checklist as a requirement for our upcoming range of assorted confectionery.

Join Us in Making a Difference

Together, we can create a more sustainable future.

Sustainability 2024

At Pacific Packaging (Far East) Pte Ltd, sustainability is more than just a goal—it's our responsibility. As a leading packaging manufacturer, we are committed to creating eco-friendly solutions that reduce environmental impact while meeting the highest quality standards.

Enhanced Facilities for Growth & Comfort

We've moved to a consolidated floor space designed to support our expanding operations while prioritizing worker comfort and efficient energy use

Advanced Machinery for a Greener Future

We have invested in new machines to meet evolving customer needs and modernizing existing equipment to improve energy efficiency and reduce our carbon footprint.

Empowering Our People

14 staff members have successfully completed Sustainability 101 / Eco-Ambassador Courses, with more employees set to pursue advanced sustainability training in 2025

Proud Achievements

Superbrands 2024: Recognized for excellence in quality. LACY's is a 5-Time Consecutive Winner of Superbrands
GEM Bronze Award: Achieved as part of the SMF/A*STAR/ESG Sustainability Program, which supports companies in adopting greener practices

We're excited to introduce more innovative, eco-friendly packaging solutions in 2025. Catch us at FHA 2025 to discover our latest sustainable products and initiatives!
