A Prayer for St. Paul's

The Celebrant and the People say in unison

Almighty God, our Heavenly Father,
You have created us and provided for us. Help us to discern your will for St. Paul's. Bless us with the talents and abilities to carry out our missions effectively and graciously. Grant us wisdom to know and to follow the path you have intended for us.

We ask you, Lord, to put your will at the center of all we do. We ask for generosity of time, talent, and treasure; for faith to speak what is in our hearts and the grace to listen to each other; for the vision to identify new opportunities; and for the courage to make the changes we need to make to embrace our future. And Lord, we pray for your healing and spiritual nourishment and our continued growth in your service. We thank you for this congregation, our St. Paul's family. We pray that you will bring to us the souls you want to be a part of this family. We ask that you guide and protect us; sustain and strengthen us. Bless us, Lord, as we the people of St. Paul's proclaim your message of love and forgiveness. Make us a place filled with joy and enthusiasm in worshiping you and in doing your work. May your light shine through us in this community and beyond. Amen.

Silence

The Celebrant concludes with the following collect

Heavenly Father, you have promised to hear what we ask in the Name of your Son: Accept and fulfill our petitions, we pray, not as we ask in our ignorance, nor as we deserve in our sinfulness, but as you know and love us in your Son Jesus Christ our Lord. Amen.

The act of praying aloud in corporate worship and naming the people we are praying for connects us with God, with each other, and with each of them in a spiritual way even though we may not know them personally or what their specific needs are. God knows them and knows what they need. And God knows us and hears us as we pray. Each of the people on this list is in some way connected to St. Paul's or has made a request to be on our Prayer List. Please commend them to God with your whole heart.
