## STOREAZE SLOW RELEASE INSTRUCTIONS

### Precautionary Statement

#### Hazardous to Both Humans and Animals

Caution: May cause moderate eye and throat irritation.

Avoid contact with eyes or clothing. Avoid breathing dust and allowing dust to get in eyes. Wash hands thoroughly after handling. Wash contaminated clothing with detergent and water.

#### Chemical Physical Hazards

This product contains an oxidizing agent. Do not mix with acids or chlorine. Avoid any contact with sparks, flame or burning materials.

### MOLD, MILDEW, AND ODOR CONTROL

Deodorizing delivery system for the generation of chlorine dioxide for control of mold, mildew, chemical, and other odors in confined spaces.

- Odor1 Storeaze Slow Release is effective for 30-60 days. It is activated by the ambient humidity in the area of application. In high-humidity regions, the activated shelf life is shorter.
- Odor1 Storeaze Slow Release can be used in any closed space and is safe around humans, animals, and plants. This is due to the slower discharge rate and lower ClO<sub>2</sub> PPM count.

#### Great for:

- Basements
- Dormitory rooms
- Unused household rooms
- Campers in storage
- Boats in storage
- Antique cars and show cars in storage
- RVs in storage
- Trash cans w/limited ventilation

### FIRST AID

#### **DO NOT CONSUME CHEMICAL CONTENTS**

#### ***Odor1 Storeaze is NOT HARMFUL TO: HUMANS, ANIMALS, AND PLANTS***

#### STOREAZE DIRECTIONS

- Remove contents from package
- Carefully open foil package. **DO NOT TEAR OR PUNCTURE THE INTERNAL PACKAGE**
- Product will start activating within 12 to 24 hours, depending upon the ambient humidity.
- Position the activated product inside of the **open** clam shell (clear plastic packaging for the contents). Then place onto any flat surface.

**IMPORTANT:** Do not PLACE FOIL PACKET WITH ACTIVATED PRODUCT DIRECT ON ANY SURFACE. Product must use the plastic clam shell as a protective barrier against staining, fading, or marring a surface finish.

- Keep out of reach of children and pets.
- Safe to occupy the area while being used.

Storeaze is an ideal maintenance follow-up after using one of our PREMIUM REFRESH products to remove odors from the treatment area.
