FVF Strait Magic carries the bloodlines that are the building blocks of the Appaloosa breeding program at Foggy Valley Farms. He is 5 years old, broke to ride, easy to handle and breed. We have one black filly with a white blanket born in 2017 by this stallion and are looking forward to many more, colorful, athletic foals. Breed your mares to this young stallion and put some "Jett fuel" in your bloodlines.
