

COVID INJECTIONS ADVERSE EFFECTS Human Reproductive Organs

The following are but a few of the sources available online from a Medical Perspective that suggests that there is a Direct Link and Causality between the COVID-19 Injections and Adverse Effects to include the disruption of 'Normal Human Reproductive Functions'. Any Medical Opinion or Research suggesting that this is the case are scrubbed from the Internet. Perhaps the only credible Authority on the matter that has come out Publicly to confirm that there a direct linkage, is Dr. Robert Malone. And since his Warnings about the new mRNA Injections, he has been Ostracized and Demonized by the Medical Established.

The following Links provide Free COVID Resources attesting to the Dangers of what is in the Injections that is being withheld, officially by the Public Health Agencies and World Governments. They further attest as to why all this is clearly being perpetrated. It is a 'Soft Genocide' in Progress against Humanity.

There is very little Scientific Research on this assertion that the COVID Injections are adversely affected the Testis and Ovaries of Humans. And yet the Fact-Checkers adamantly conclude that. 'There is no Causality or Direct Link' from COVID Injections linking them to Human Infertilely, despite the lack of this specific Research to know and conclude with such an Absolute Statement. However, Doctors like Dr. Robert Malone and others, although a Minority agree that a concentration of the Spike Proteins accumulate in the Testes and Ovaries of People. And this will and has caused Damage.

What has been reported and is factual is that through VAERS and other Reporting Sites that are said to only account for about 1% of the Adverse Events is that the Percentage of Miscarriages, Menstrual Clotting in Women and Irregularity Period Cycles have increased over 400%. This is according to the data publicly stated by Dr. Zelenko. The following are some Articles, online that speak to the statement made by Dr. Malone, that indeed, the COVID-19 Injections affect the Human Reprieve System. He ought to know. He Invented and Patented the mRNA Technology and knows what is doing.

List of Adverse Effects due to COVID-19 Injection

Excerpt from Video Warning in December of 2021.

There are 3 issues Parents need to understand:

*The 1st is that a Viral Gene will be injected into your Children's Cells. **This Gene forces your Child's Body to make Toxic Spike Proteins.** These Proteins often cause Permanent Damage in Children's Critical Organs, including:*

- Their Brain and Nervous System.
- Their Heart and Blood Vessels, including Blood Clots.
- >>>>> Their Reproductive System. <<<<<<<**
- This Vaccine can trigger fundamental changes to their Immune System.

The most Alarming Point about this is that once these Damages have occurred, they are Irreparable
