For reference, Vermont State Statute 16V.S.A. § 822 School district to maintain public high schools or pay tuition (this section will reflect the most current version of § 822 and will be updated as necessary):

- (a) Each school district shall maintain one or more approved high schools in which high school education is provided for its resident students unless: (1) the electorate authorizes the school board to close an existing high school and to provide for the high school education of its students by paying tuition to a public high school, an approved independent high school, or an independent school meeting education quality standards, to be selected by the parents or guardians of the student, within or outside the State;*

The Stratton School Board (“the Board”), as representatives of the Stratton School District, shall provide tuition for students attending grades Pre-Kindergarten - 12 in accordance with Vermont State law following the criteria outlined below:

1. The following policy is in effect and primary. However, the board reserves the right to make case-by-case decisions.
2. Tuition shall only be paid for pupils determined by the Stratton School Board to be legal residents of the Stratton School District, as defined by 16 V.S.A. § 1075 and the Verification of Student Residency Policy, F13. Exceptions to the school approval requirement shall be made for those cases so determined by the Stratton School Board to be in the best interest of the child.
3. Tuition will be paid only to schools approved by the State Board of Education for the receipt of public tuition payments.
4. The Board will only authorize customary and reasonable tuition payments, made in United States dollars, as determined in accordance with the Agency of Education’s recommendations. Parents may be responsible for any tuition dollars above and beyond that amount.
5. Tuition payments will be made as follows:
 - a. Tuition payments will be made to approved receiving schools when preceded by a written application from the student and/or his or her parent or guardian, and the “Affidavit Concerning Pupil Residency.” The application and affidavit must be submitted to the Stratton School Board within 30 days of notifying the School Board of your intent to enroll your child[ren] in school. The application will then be given to the Superintendent for consideration.
 - b. If an eligible pupil became a resident after October 1st, an application for tuition will be considered by the Superintendent and, if approved, payments will be prorated from the date of the pupil’s enrollment to the end of the then current school year or to the time legal residency is terminated.
 - c. Tuition shall only be paid to receiving schools that enroll students deemed to be residents of the District, and in accordance with a student’s Individualized Education Program Team decisions, when applicable. No tuition payment shall be made to any school that discriminates based on special education eligibility, a student impairment or disability or race, religion, ethnicity, national origin, sexual orientation, gender identity, gender or other protected characteristic.

- d. Should an applicant own a home in the town of Stratton and claim residency for tuition purposes using that address, a Homestead Declaration must be filed on the first and every subsequent April 15th for every year that residence is primary.
6. All tuition payments for qualified pupils shall be made directly to the approved schools those pupils attend , unless a previous arrangement has been agreed upon with the Board. In the event that a pupil, their parent or guardian had previously paid the tuition, payments shall still be made directly to the school. It is the responsibility of the school to reimburse the family.
7. The Superintendent shall make determinations on applications for tuition. Once the application is submitted, the superintendent will notify the Board and a determination letter to the applicant within 21 days of the application's submission.
