Sacred Zodiac Grid Configurations

Rapture Pattern within Tetrad of 2014-15

PENUMBRAL LUNAR ECLIPSE

On October 18, 2013 the 291st day of the year, the last of the 3 Lunar Eclipses for the year 2013 will occur. The Eclipse is scheduled to last about 4 hours or precisely according to NASA.

3 hrs, 59 min, 6 sec or 239 min

The Eclipse will max-out at

23hr 51min UTC

It will occur in the backdrop of the constellation *Pisces*.

'This is what the LORD says: "Heaven is my throne, and the earth is my footstool. Where is the house you will build for me? Where will my resting place be?'

Isaiah 66:1

WHAT IS THE ZODIAC OR MAZZAROTH?

It is the division of the Celestial Longitude grid on which the Ecliptic is centered upon. The Ecliptic is the path that the Sun travels along this Celestial Sphere in 1 year. Within an extension of 9 degrees to either the north or south of the Ecliptic, all the Planets, along with their respective moons, also traverse along this 'beltway'. It is from this Ecliptic line that Latitude is determined much like our theoretical 'equator' is the bases for our Latitudes on Earth. What then determines the degrees of Longitude, as it does on Earth by the Prime Meridian, is determined when the Sun is positioned at the *Spring Equinox*.

A 33 Degree Alignment

The chart also depicts the 4 prime coordinates relative to the position to the Zodiac. This circumference will show the North-South, East-West axis and where the 33 degree angle to the 'Gates of God and Man' are positioned relative to the Zodiac circle. What is interesting about the October 18, 2013 Lunar Eclipse is that it will occur at 33 degrees from the East-West axis of the Zodiac. It is the same 33 degree inclination that the *Gate of God-Man* has. The October 18th Lunar Eclipse is the only one from 2013-2023 that occurs on at 33 degree angle. Could the matching of the corresponding degree angles of this Lunar Eclipse alignment with the *Golden Gate* and *Silver Gate* be linked somehow the Rapture of the Church geometrically to these celestial doors?

THE CLOSING CHURCH AGE
Subsequently the 4 Gospels of the New Testament are themselves associated and symbolized by these 4 Living Creatures. Each of the four Evangelists are ascribed a creature. This is known in Christianity as the *tetramorph*. It is the union of the symbols of the Gospel from the four Living Creatures derived from the Book of Ezekiel.

- 1) MATTHEW with the Man or Aquarius depicting the humanity of the Messiah.
- 2) MARK with the Lion or Leo depicting the Kingship of the Messiah.
- 3) LUKE with the Bull or Taurus depicting the servitude of the Messiah.
- 4) JOHN with the Eagle directing Christ's divinity.

CELESTIAL PATTERNS

Each of the 4 *tetramorphs* emphasizes the work of Christ Jesus that in turn has reflected a particular era of Church history. The 4 depictions of the True Gospel of Jesus Christ, has not been 'lost', contrary to how some so called 'christian churches' proclaim. So if this postulation is valid, the last Church era will culminate in the *Gospel of John* or with the emphases on the divinity of Christ, which happens to correspond to the Eagle or Scorpio. But in 2013, it is now Ophiuchus, the Serpent Bearer that has eclipsed the 'eagle'/Scorpio and is attributed to the coming Messiah(s). The Luciferians await their own false Messiah as do the Muslims, Hindus, and Christians.

What are some examples of this Universal Law? There are the 4 universal sounds, the 4 seasons with 2 equinoxes and 2 solstices, etc. The LORD's throne is sustained and cared by the 4 'Living Creatures' that are seen in both the Old and New Testament. In the Throne Room of the LORD, the 4 Living Creatures are as follows. There is an

- 1) an Ox or Bull
- 2) a Man
- 3) a Lion
- 4) an Eagle

These are the very symbols the LORD instructed Moses to station the nation of Israel during the wilderness journey with the 4 major Hebrew Tribes having the banners of the Lion, the Eagle, Bull and Man as their standard insignia.

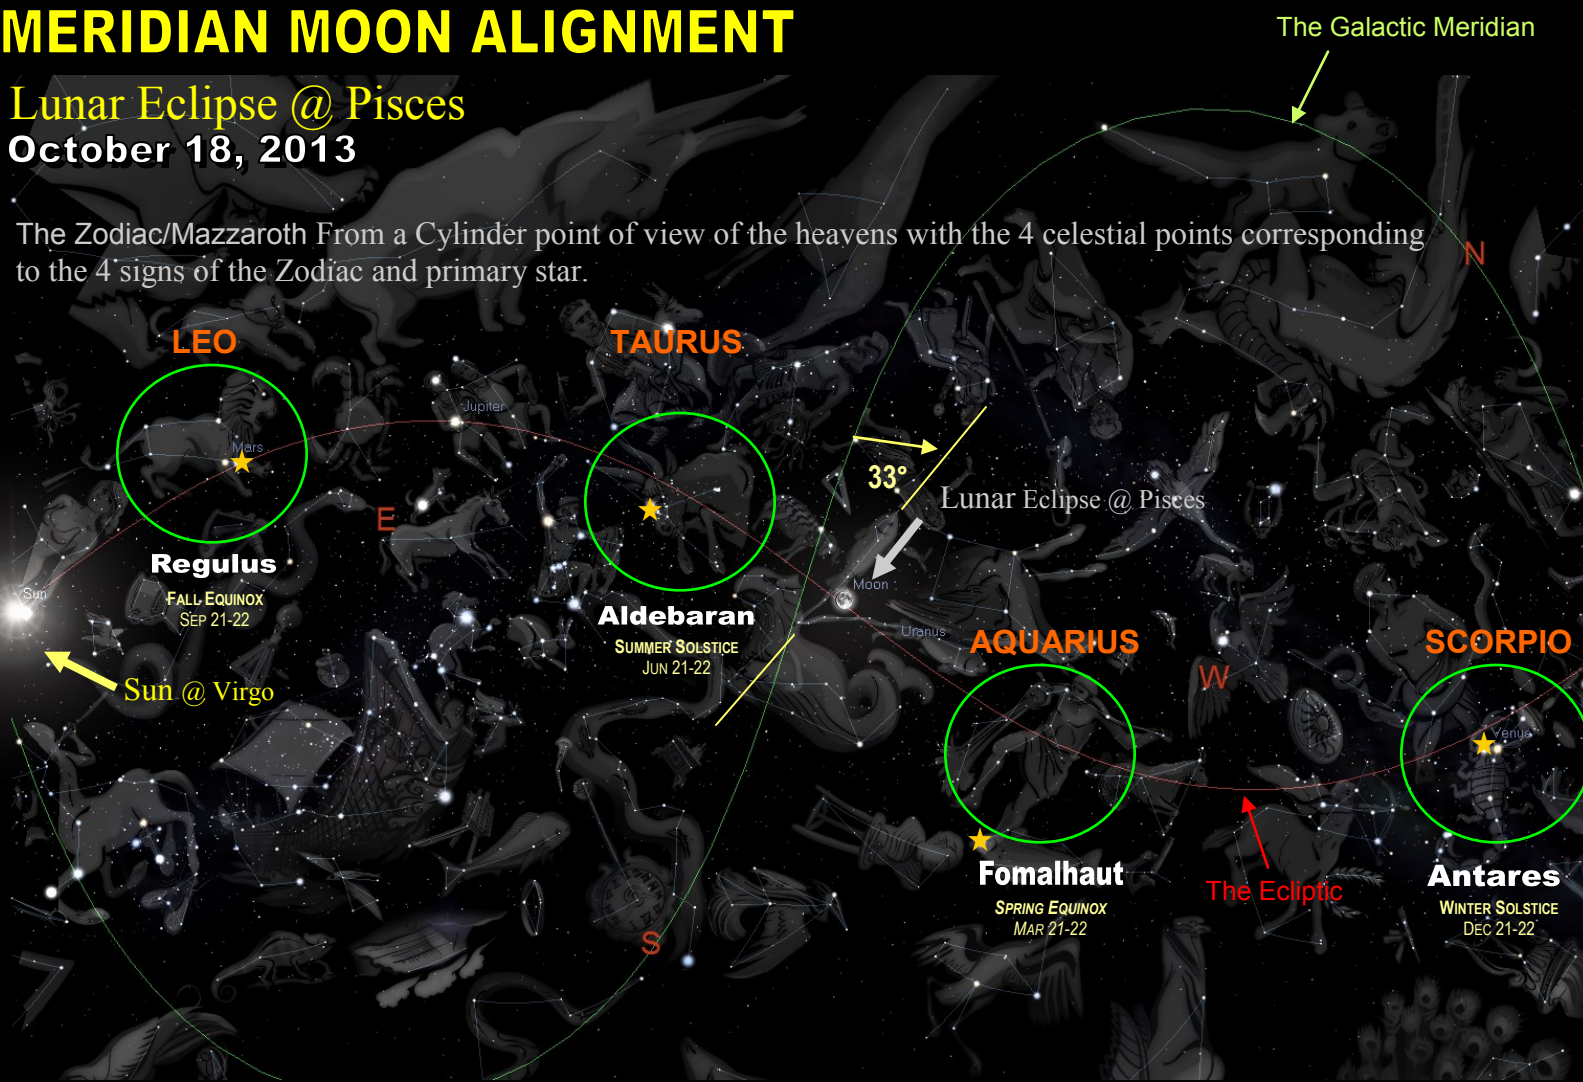

These charts will illustrate the 4 celestial coordinates that also correspond to the 4 Heavenly directions. These emanate from the very Throne of the LORD according to Biblical accounts. Each direction is associated to one of the *Seraphim's* that are stationed as heavenly sentinels in GOD's Throne and *Merkavah*, the mobile Throne or Chariot of the LORD. The LORD has a 4 wheeled Celestial Chariot that is mounted or pulled by 4 Living *Seraphim*, which literally means 'burning angels'.

This is where the notion of the *Quadriga* or 'gods being pulled by 4 creatures, mostly horses in the case of human renderings comes from. This fiery chariot of the LORD is how the LORD appeared and met Ezekiel with in the Old Testament. The 'wheel within the wheel' that allows the chariot to move in any direction is called the *Ophannin*. Some suggest that this phenomenon is actually the basis of where the Zodiac circle is derived from.

MOON ALIGNMENT W October 18, 2013

On October 18, 2013 the 291st day of the year, the last of the 3 Lunar Eclipses for the year 2013 will occur. A Lunar Eclipse occurs when the Moon passes through the shadow of the Earth.

This Eclipse is a *Penumbral* type meaning that from Earth's perspective, a reduction of the Moon's brightness might occur but the Moon's disk will not be completely covered by the Earth's shadow or *Umbra*.

Lunar Eclipse @ Pisces

@ a **33°** angle from the Celestial Meridian

The Moon will not go totally dark in other words. It is scheduled to last about 4 hours or precisely

3 hrs, 59 min, 6 sec or 239 minutes according to NASA. The Eclipse will max-out at

23hr 51min UTC

It will occur in the backdrop of the constellation *Pisces*.
