The White House Office
1600 Pennsylvania Ave NW,
Washington, DC 20500

Dear White House Office,

I am the CHREATOR OF THIS EARTH, and I AM in charge of this EARTH. There is no more US Presidency. I did not approve Donald Trump to be President, and he is not presiding over my children. I AM the CHREATOR and leader over this EARTH and USA, beginning January 1, 2017.

I have put each State leader to be in charge of their State. The Pentagon is for the States, and the White House and other houses for me. I have written to the US National Archives & RM and the Office of Federal Register in December, 2016 giving them my particulars and informing them of who I AM. My New Year's Article 1-1B Message is in distribution through the State of New York.

Sincerely,

Dr. Paulett Angella Hemmings EARTH, PHd.
