

Gourmet Guide To Taste Of WDAM Radio

Welcome to the sound dining experience of a lifetime!

Our master musical chefs have created a harmonious menu of the tastiest tunes of all time, including a balanced diet of delicious ditties from the past nine decades!

Here is how to enjoy every course in this melodious meal. Just check the menu chart below for the ingredients that went into every dish. The numbers in parenthesis after each song designate the highest position it reached on *Billboard* magazine's hit singles music charts [hit album cuts are shown as "albums"] and the year. The notation "rare" means this is a hard-to-find delicacy you likely will not find served anywhere else.

And it's safe to over-indulge! These palate-pleasing platters are 100% calorie, sugar, fat, cholesterol, gluten, and MSG -free; totally organic; vegan-friendly; and Kosher and Halal-compliant. We used only free-range vinyl, CDs, and digital bits and bytes under the strictest USDA (United States Department of Audio) quality standards.

All of us at WDAM Radio hope you will enjoy these succulent sounds that we have cooked up just for you!

Rock on.
